Assembly

Please make sure that the following procedure is correctly operated when assembling:

- The ladder rail with three holes is the interior side and the ladder rail with two holes is the exterior side. (For one hole, the material on one side is not cut out; thus, the interior hole is visible while the exterior hole is not.)
- The two ladder rails should face the same direction; and only when the interior holes are facing upwards, can the ladder be assembled onto the platform.
