Tools Required

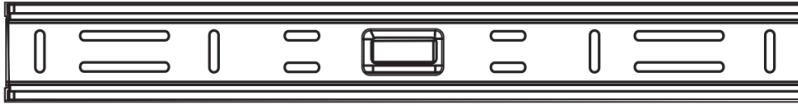

- \varnothing 13/32" (10 mm)

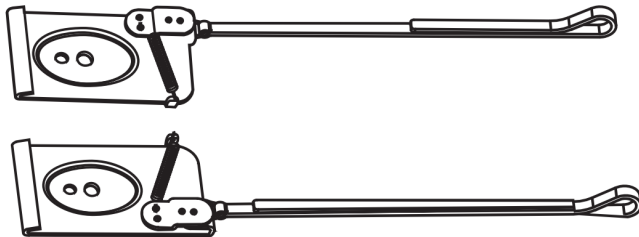

What Is In The Box?

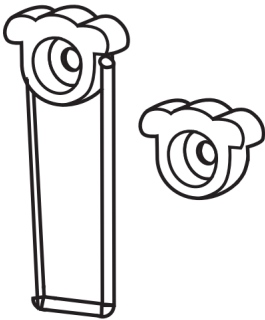

- A (7 x)

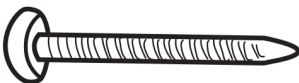

- B (7 x)

- C (1 x)

- D (6 x)

- E (6 x)

- F (4x) M4x 72 mm

- G (4x) M 4x25 mm

- H (4 x) M6x 72 mm

- I (4 x) M 6x 25 mm

- J (4 x) M8 x 12 mm

- K(4x) M 8x25 mm

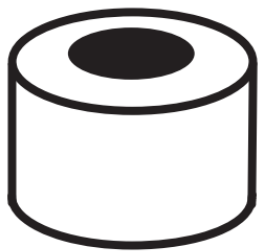

- L (2 x) M4

- M (2 x) M8

- N (4 x)

IMPORTANT SAFEGUARDS

Read these instructions carefully and retain them for future use. If this product is passed to a third party, then these instructions must be included.

When using the product, basic safety precautions should always be followed to reduce the risk of injury including the following:

- Use a level to ensure flat mounting and at the desired height. Check all cables are sufficient length before mounting.
- Assistance may be required to lift the flat panel. Check for and be careful of in-wall utilities (electrical, plumbing, gas).
- This product is for Plasma/LCD displays having up 32 – 70" (81 – 178 cm) diagonal screen weighing up to 73.2 lbs (33 kg).
- This product is for use on vertical walls only, mounted onto concrete, brick or wood stud walls. When mounting onto a drywall or plaster wall, the wall should have a covering with a maximum thickness of 0.5" (1.3cm). It is important to ensure the product is mounted centrally to the wood studs, which should have a maximum spacing of 24" (61 cm).
- For custom installations seek assistance from a qualified installer.
- For safe mounting, the supporting wall must be able to support 4 times the total weight of the installation. The installer is responsible for verifying that the wall structure and anchors used will safely support the total load.
- Do not use this product for any application other than specified. Faulty installation or assembly or incorrect use of the equipment could be dangerous.

CAUTION This wall mount is intended for use only with the maximum weights indicated. Use with products heavier than stated maximum load indicated may result in collapse of the mount and its accessories causing possible injury. Users must remove TV from the mount before adjustments are made.

IMPORTANT, RETAIN FOR FUTURE REFERENCE: READ CAREFULLY

BEFORE FIRST USE

- Check for transport damages.

DANGER Risk of suffocation! Keep any packaging materials away from children – these materials are a potential source of danger, e.g. suffocation.

CLEANING AND MAINTENANCE

- Periodically clean your mount with a dry cloth. Inspect all screws and hardware at regular intervals to ensure that no connections have become loose over time. Re-tighten as needed.
- Users should check and maintain the product frequently to ensure the TV and mount work normally, safely and securely. Make sure the screws are tightened every two months.
