Important Safeguards

- Do not deform, bend tightly, stretch, staple, twist, and do not run Ethernet cables near noise inducing components.
- Route the cable neatly to avoid tripping hazard.

The Waste Electrical and Electronic Equipment (WEEE) Directive aims to A minimize the impact of electrical and electronic goods on the environment, by increasing re-use and recycling and by reducing the amount of WEEE going to landfill. The symbol on this product or its packaging signifies that this product must be disposed separately from ordinary household wastes at its end of life. Be aware that this is your responsibility to dispose of electronic equipment at recycling centers in order to conserve natural resources. Each country should have its collection centers for electrical and electronic equipment recycling. For information about your recycling drop off area, please contact your related electrical and electronic equipment waste management authority, your local city office, or your household waste disposal service.
