IMPORTANT SAFEGUARDS

Read these instructions carefully and retain them for future use. If this product is passed to a third party, then these instructions must be included.
When using electrical appliances, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and/or injury to persons including the following:

- Do not insert any foreign objects inside the casing.
- Protect the product from extreme temperatures, hot surfaces, open flames, direct sunlight, water, high humidity, moisture, strong jolts, flammable gases, vapours and solvents.
- This product is intended to be used in dry areas only.
- The product is spill resistant. However, in case of spillage, the liquid must be wiped off immediately.

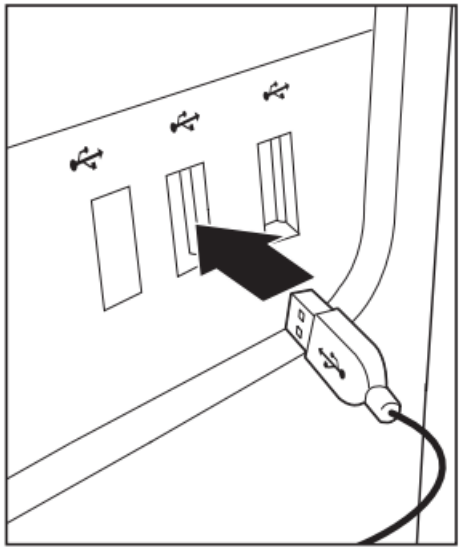
Before First Use

Check for transport damages.
Risk of suffocation! Keep any packaging materials away from children – these materials are a potential source of danger, e.g. suffocation.

Operation

Connection

- Connect the USB plug to the USB port of your computer.
- Choose the Amazon Basics keyboard in the keyboard settings in system preferences of your computer.
  NOTICE I Driver installation is not necessary.



Function key (M)
The function key (M) gives your keyboard more functionality by adding the second command mode for the function activation keys (B-I).

- Press and hold the function key (M).
- Press one of the function activation keys (B) – (I) to activate the corresponding function. For example, press the function key (M) + F12 (F) key to jump to the next track.

Function lock mode
Function lock mode allows to use the second command mode of the function activation keys (B) – {I) without pressing and holding the function key (M).

- To enable the function lock mode, press and hold the function key (M) and then press the function lock key (A).
- To disable, press and hold the function key (M) and then press the function lock key (A) again.

FCC – Supplier's Declaration of Conformity

Unique Identifier	B07WJ5D3H4 – Matte Black Wired Keyboard, US QWERTY L ayout
Responsible Party	Amazon.com Services LLC.
U.S. Contact Information	410 Terry Ave N. Seattle, WA 98109, United States
Telephone Number	(206) 266-1000

FCC Compliance Statement

1. This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions:
    1. this device may not cause harmful interference, and
    2. this device must accept any interference received, including interference that may cause undesired operation.

2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Interference Statement
This equipment has been tested and found to comply with the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio
frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Canada IC Notice
This Class B digital apparatus complies with Canadian CAN ICES-3(8) / NMB-3(8) standard.

Disposal

The Waste Electrical and Electronic Equipment (WEEE) Directive aims to minimise the impact of electrical and electronic goods on the environment, by increasing re-use and recycling and by reducing the amount of WEEE going to landfill. The symbol on this product or its packaging signifies that this product must be disposed separately from ordinary household wastes at its end of life. Be aware that this is your responsibility to dispose of electronic equipment at recycling centers in order to conserve natural resources. Each country should have its collection centers for electrical and electronic equipment recycling. For information about your recycling drop off area, please contact your related electrical and electronic equipment waste management authority, your local city office, or your household waste disposal service.
