Garvee djMOMkDOMEYfmrEVfQkBxwukU9s5w

Garvee King Size Floating Bed Frame with LED Lights and Storage Headboard Instruction Manual

Model: djMOMkDOMEYfmrEVfQkBxwukU9s5w

1. Introduction

This manual provides detailed instructions for the assembly, operation, and maintenance of your Garvee King Size Floating Bed Frame. Please read this manual carefully before beginning assembly and retain it for future reference. Proper assembly and care will ensure the longevity and safe use of your bed frame.

2. Safety Information

- Exercise caution around sharp edges during assembly and use.
- The maximum weight capacity for this King size bed frame is**1213 pounds**. Do not exceed this limit to prevent damage or injury.
- Ensure all connections are securely tightened before use. Periodically check and re-tighten fasteners as needed.
- Keep children and pets away from the assembly area.
- Do not allow children to play on or under the bed frame.
- Use only the provided parts and tools, or equivalent, for assembly.

3. Package Contents

Before assembly, verify that all components are present and undamaged. Refer to the detailed parts list included in your assembly instructions. Key components include:

- Headboard with integrated storage and charging station
- Bed frame side rails and footboard
- Metal support frame and solid wood slats
- Assembly hardware (screws, bolts, washers, etc.)
- Tools for assembly
- LED light strips and remote control

If any parts are missing or damaged, please contact customer support before proceeding with assembly.

4. Specifications

Brand	Garvee
Model Number	djMOMkDOMEYfmrEVfQkBxwukU9s5w
Size	King
Product Dimensions	84.3"L x 77.5"W x 44.5"H
Color	Black
Material	Engineered Wood, Fabric (Linen), Metal
Finish Type	Painted
Special Feature	No Box Spring Needed, Floating Design, LED Lights, Storage Headboard, Charging Station
Compatible Mattress Size	King (8"-10" recommended mattress thickness)
Item Weight	101 pounds
Assembly Required	Yes
Charging Station Ports	2 AC Outlets (125V/12A), 1 USB Port (5V/2A), 1 Type-C Port (5V/2A)
LED Light Strip Length	26.6 ft / 8.1 m

Note: All dimensions are approximate and may vary slightly.

5. Setup and Assembly

The Garvee King Size Floating Bed Frame is designed for easy assembly, typically completed within 45 minutes. Follow the step-by-step instructions provided in the separate assembly manual included with your product. All parts are clearly labeled to simplify the process.

5.1. Before You Begin

- Clear a spacious area for assembly.
- Unpack all components and lay them out, verifying against the parts list.
- Ensure you have the necessary tools (usually included).

5.2. Assembly Steps Overview

1. Assemble the headboard components, including the storage shelf and charging station.
2. Attach the side rails and footboard to the headboard.
3. Install the central support beam and legs.
4. Place and secure the solid wood slats onto the frame. The buckle design simplifies slat installation.
5. Apply the EVA mute strips to the slats and frame to prevent noise.
6. Install the LED light strips under the bed frame and on the headboard.

6. Operating Instructions

6.1. LED Lights Operation

Your Garvee bed frame features integrated LED lights on the headboard and three hidden strips under the bed. These lights offer extensive customization options:

- **Control Methods:** The LED lights can be controlled via a dedicated mobile application (APP) or the included remote control.
- **Color Options:** Choose from over 60,000 color options to match your preference.
- **Brightness Adjustment:** Adjust the light intensity to your desired level.
- **Modes:** Select from various lighting modes, including static colors, dynamic effects, music sync, and custom styles.
- **Timing Function:** Set timers for the lights to turn on or off automatically.

Refer to the LED light controller's specific instructions for pairing with the APP and detailed remote control functions.

Image 3: The bed frame illuminated by LED lights, showcasing various control options such as 16 colors, music mode, mic mode, custom style, timing function, brightness adjustment, APP control, and remote control.

6.2. Charging Station Usage

The headboard is equipped with a convenient charging station to power your electronic devices:

- **AC Outlets:** Two 125V/12A AC outlets are available for standard electrical devices.

- **USB Port:** One 5V/2A USB port for charging smartphones, tablets, and other USB-powered devices.
- **Type-C Port:** One 5V/2A Type-C port for compatible devices.

To use the charging station, ensure the bed frame is properly assembled and the power cord from the headboard is plugged into a functional wall outlet. Avoid overloading the outlets.

Image 4: Close-up of the headboard's charging station, detailing the two AC outlets (125V/12A), one USB port (5V/2A), and one Type-C port (5V/2A).

6.3. Storage Headboard

The two-tier storage headboard provides additional space for organizing small items such as cell phones, remote controls, books, or decorative objects. Ensure items placed on the headboard are stable and do not obstruct the charging ports or LED lights.

Image 5: The Garvee King Size Floating Bed Frame in a bedroom, showcasing the storage headboard with items like a phone and tablet, and the under-bed LED lighting creating a floating effect.

6.4. Floating Design

The unique floating design of the bed frame is achieved through hidden support legs, which also helps to eliminate the risk of tripping or collision with exposed bed legs.

Image 6: A visual comparison illustrating the floating bed frame design with hidden support legs to prevent bumps, versus a regular bed frame with exposed legs that can cause tripping.

7. Maintenance

Regular maintenance will help preserve the appearance and functionality of your bed frame.

- **Cleaning the Upholstery:** For the black linen upholstered headboard, gently spot clean with a damp cloth and mild detergent if necessary. Avoid harsh chemicals or abrasive cleaners.
- **Cleaning the Frame:** Wipe the metal and engineered wood surfaces with a soft, dry cloth.
- **Fastener Check:** Periodically inspect all bolts and screws to ensure they remain tight. Re-tighten as needed to maintain stability and prevent squeaking.
- **LED Lights:** Ensure the LED light strips are free from dust. If a light strip malfunctions, contact customer support for replacement or troubleshooting.
- **Charging Station:** Keep the charging ports clean and free of debris. Do not force plugs into the ports.

8. Troubleshooting

This section addresses common issues you might encounter with your Garvee bed frame.

8.1. Bed Frame Squeaks or Makes Noise

- **Solution:** Check all assembly bolts and screws and tighten them securely. The bed frame is designed with EVA mute strips to prevent noise; ensure these are properly installed between the slats and the frame.

8.2. LED Lights Not Working

- **Solution:** Verify that the LED light strips are correctly connected to the power source and controller. Ensure the power adapter is plugged into a functional wall outlet. Check the remote control battery if using the remote. If using the APP, ensure Bluetooth is enabled and the device is paired.

8.3. Charging Station Not Providing Power

- **Solution:** Confirm that the bed frame's main power cord is securely plugged into a working wall outlet. Test the outlet with another device. Ensure the devices you are trying to charge are compatible with the port specifications (e.g., 5V/2A for USB/Type-C). Avoid exceeding the maximum current draw for the outlets.

8.4. Bed Frame Feels Unstable

- **Solution:** Re-check all connections and ensure they are tightened. Verify that the central support legs are properly installed and making contact with the floor. Ensure the bed frame is on a level surface.

9. Warranty Information

For specific warranty details regarding your Garvee King Size Floating Bed Frame, please refer to the warranty card included with your product or contact the retailer from whom you purchased the item. Warranty terms typically cover manufacturing defects and material flaws for a specified period from the date of purchase.

10. Customer Support

If you require further assistance, have questions about assembly, or need to report missing/damaged parts, please contact Garvee customer support or the retailer where you purchased this product. Have your model number (djMOMkDOMEYfmrEVfQkBxwukU9s5w) and purchase information ready when contacting support.

Thank you for choosing Garvee.
