2. Safety Information

Always assemble according to the provided instructions. Be cautious of sharp edges during assembly and use. To prevent tip-over, ensure the table is fully assembled and stable before use. Keep the table away from high-traffic areas and secure it to the wall if necessary. Do not place heavy objects on the table that could cause it to tip over.

3. Package Contents

Before beginning assembly, please verify that all parts are present and undamaged. The package should contain:

- 1x Round Dining Table (with drop-leaf mechanism)
- 4x Stool Chairs
- Assembly Hardware Kit (screws, bolts, tools)
- Illustrated Assembly Instructions

4. Setup and Assembly

Assembly of the IRONCK Dining Table Set is designed to be straightforward. All accessories are clearly labeled, and illustrated instructions are included in your package. It is recommended to assemble the furniture on a soft, clean surface to prevent scratches.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out. Check against the parts list in the included instructions.
2. **Assemble Table Legs:** Attach the table legs to the main tabletop structure using the provided hardware. Ensure all connections are secure but do not overtighten until fully assembled.
3. **Assemble Chairs:** Follow the chair-specific instructions to assemble each stool chair. Pay attention to the X-shaped structure for the backrest and ensure all screws are tightened for stability.
4. **Final Tightening:** Once all components are loosely assembled, place the table and chairs upright and gently rock them to settle. Then, fully tighten all screws and bolts.

5. Operating Instructions (Drop-Leaf Function)

The IRONCK Dining Table features a convenient drop-leaf design, allowing you to easily expand or fold the table to suit your space and needs.

To Expand the Table (Round Configuration):

1. Locate the hinged leaf sections on the sides of the table.
2. Gently lift one leaf upwards until it is level with the main tabletop.
3. Underneath the tabletop, you will find a support mechanism (often a sliding bar or a snap button). Extend this support outwards to secure the leaf in place.
4. Repeat for the other leaf sections until the table is fully expanded into its round shape.

To Fold the Table (Compact Configuration):

1. Ensure there are no items on the leaf sections you wish to fold.
2. Retract the support mechanism underneath the leaf. This may involve pushing a button or sliding a bar inwards.
3. Gently lower the leaf downwards until it hangs vertically alongside the table legs.
4. Repeat for all leaf sections to transform the table into its compact, square shape. The chairs can often be stored underneath the folded table for maximum space saving.
