## Important Safeguards

Read these instructions carefully and retain them for future use. If this product is passed to a third party, then these instructions must be included.

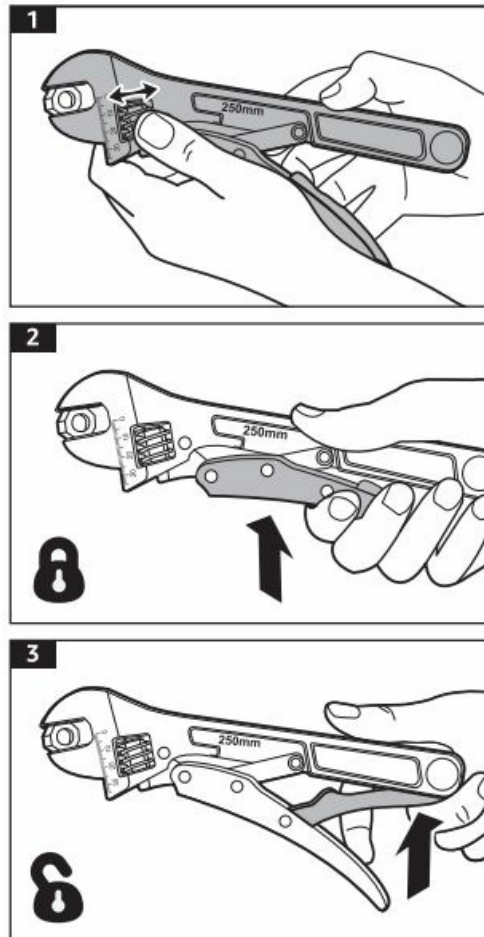

- Be cautious when opening/closing the product. Keep hands away from the closing mechanisms to prevent fingers from being trapped and pinched.
- This product is not a toy. Keep the product away from children and pets.
- Do not use this product if any parts are missing, damaged, or worn.
- Make sure the jaws of the wrench are properly fitted around a fastener to prevent slippage.

## Before First Use

## **DANGER Risk of suffocation!**

Keep any packaging materials away from children and pets – these materials are a potential source of danger, e.g. suffocation.

- Remove all the packing materials.
- Check the product for transport damages.

- Press the quick-release lever (3) to unlock the locking handle (2), then turn the worm gear (1) to release the nut (4) from the wrench jaw.

## **Cleaning**

1. Wipe the wrench with a soft cloth or soft-bristled brush to remove dirt or debris.
2. Scrub away grime and oil using a sponge or cloth, hot water and dish soap.
3. Rinse thoroughly under running water.
4. Dry immediately with a towel.
5. Once dry, apply a light coating of lubricant to the surfaces of the wrench.
6. Never use corrosive detergents, wire brushes, abrasive scourers, or metal or sharp utensils to clean the product.

## **Storage**

- Make sure the product is dry before storing it.
- Apply a coat of lubricant or rust inhibitor to the wrench to protect against rust and corrosion.
- Wrap the wrench in a clean, dry cloth. Alternatively, grease the surface before placing it inside a plastic bag or

toolbox.

- Store in a cool and dry place away from children and pets.

## Maintenance

Periodically check for rust or wear and lubricate the product as needed.

## Disposal

Dispose of the product according to local regulations. If in doubt, consult your local authorities.
