Garvee Dog Crate Furniture: Assembly and Use Manual

Model: ejyiAJkGJ_ubHJG2ays5cQoeGtc03

1. Introduction

This manual provides essential instructions for the assembly, operation, and maintenance of your Garvee Dog Crate Furniture. This versatile unit functions as both a comfortable enclosure for your small to medium-sized dog and a stylish side or end table for your home. It features a durable iron-wood fusion construction, sliding barn doors, and an integrated storage drawer.

Image 1: Overview of the Garvee Dog Crate Furniture in Rustic Brown. This image displays the complete unit, highlighting its dual functionality as a dog crate and a piece of furniture.

Key Features:

- **2-in-1 Design:** Functions as a dog kennel and a side/end table.
- **Iron-Wood Fusion:** Combines 15mm square tube iron and 15mm chipboard for durability.
- **Sliding Barn Doors:** Space-saving and attractive door mechanism.
- **Integrated Drawer:** Provides convenient storage space.
- **Quality Steel Construction:** Robust door lock and heavy-duty steel tube structure.

2. Safety Information

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- Keep all small parts and packaging materials away from children and pets during assembly.
- Ensure all screws and fasteners are securely tightened before allowing your pet to use the crate.
- Do not allow children to play inside or on the crate.
- Place the crate on a level, stable surface to prevent tipping.
- Regularly inspect the crate for any loose parts, damage, or wear. Discontinue use if damage is found.
- Ensure the crate size is appropriate for your dog to stand, turn around, and lie down comfortably.

3. Package Contents

Before beginning assembly, verify that all components are present and undamaged. Refer to the included parts list in your physical instruction booklet for detailed identification of each piece. Typically, the package includes:

- Wooden panels (top, bottom, sides, drawer components)
- Metal bars for the crate enclosure
- Sliding barn door hardware (track, rollers, door panel)
- Drawer slides and handle
- Assembly hardware (screws, bolts, nuts, Allen wrench)

4. Setup and Assembly Instructions

Assembly of the Garvee Dog Crate Furniture requires careful attention to detail. Follow the step-by-step instructions provided in your physical assembly guide. The panels are coded to simplify the process.

Important Considerations:

- **Dog Sizing:** Ensure the crate dimensions are suitable for your dog. For optimal comfort, your dog should have approximately 4 inches of extra space beyond their length (nose to tail) and height (ears/head to paws) when

standing and sitting.

- **Tools Required:** A screwdriver (not typically included) may be needed in addition to the provided Allen wrench.
- **Team Assembly:** While possible for one person, assembly may be easier with two people.

Image 2: Detailed dimensions of the dog crate furniture and a guide on how to measure your dog for proper fit. The external dimensions are 37.8"L x 23.6"W x 34.3"H. Internal dimensions are approximately 33.1"L x 23.6"W x 22"H, suitable for dogs up to 35 lbs and 25"L x 20"H.

1. **Unpack and Identify:** Lay out all components and hardware. Match them against the parts list.
2. **Assemble Frame:** Connect the main wooden panels (sides, top, bottom) using the provided hardware.
3. **Install Metal Bars:** Secure the metal bar sections into the designated slots or attachment points.
4. **Assemble Drawer:** Follow instructions to build the drawer box and attach the slides.
5. **Install Drawer:** Mount the assembled drawer into its compartment.
6. **Attach Sliding Door Track:** Secure the top and bottom tracks for the barn door.
7. **Install Sliding Door:** Carefully place the barn door panel onto the tracks and attach rollers.
8. **Secure Door Latch:** Install the steel door latch mechanism.
9. **Final Check:** Ensure all connections are tight and the structure is stable.

5. Operating Instructions

This section details how to use the primary functions of your dog crate furniture.

Using the Sliding Barn Doors:

The crate features a space-saving sliding barn door mechanism. To open or close the door, gently slide the panel along its top and bottom tracks. The door can be positioned to cover either the left or right side of the crate opening.

- **Opening:** Grasp the door panel and slide it horizontally along the track until the desired opening is achieved.
- **Closing:** Slide the door panel back until it fully covers the opening.
- **Securing:** Engage the steel latch by sliding the bolt into the corresponding receiver on the frame. Ensure the latch is fully engaged to prevent accidental opening.

Using the Storage Drawer:

The integrated drawer provides convenient storage for pet supplies, household items, or personal belongings.

Image 3: Close-up view of the integrated storage drawer, showing its construction and functionality. The drawer features low-noise, high-flexibility slides and a convenient pull handle, with a solid tabletop surface above.

- **Opening:** Pull the drawer handle to slide the drawer open.
- **Closing:** Gently push the drawer back until it is fully closed and flush with the unit.
- Avoid overloading the drawer to ensure smooth operation and prevent damage to the slides.

6. Maintenance and Care

Proper maintenance will extend the life and appearance of your Garvee Dog Crate Furniture.

- **Cleaning Wood Surfaces:** Wipe wooden surfaces with a soft, damp cloth. For stubborn spots, use a mild wood cleaner. Avoid abrasive cleaners or excessive moisture.
- **Cleaning Metal Bars:** Clean metal bars with a damp cloth and mild soap if necessary. Dry thoroughly to prevent rust.
- **Regular Inspection:** Periodically check all screws, bolts, and connections to ensure they remain tight. Re-tighten if any looseness is detected.
- **Avoid Harsh Chemicals:** Do not use harsh chemicals, solvents, or abrasive materials, as these can damage the finish.
- **Protect from Moisture:** Avoid placing the unit in areas with high humidity or direct exposure to water.

7. Troubleshooting

This section addresses common issues you might encounter.

Problem	Possible Cause	Solution
Difficulty during assembly (e.g., holes not aligning)	Incorrect orientation of parts, manufacturing tolerance.	Double-check the assembly diagram for correct part orientation. Loosen adjacent screws slightly to allow for minor adjustments, then re-tighten. If issues persist, contact customer support.
Sliding barn door sticks or does not slide smoothly	Debris in the track, misaligned rollers, loose track screws.	Clean the top and bottom tracks of any dust or debris. Check that the rollers on the door are properly seated in the track. Ensure all screws securing the track are tight.
Drawer does not open or close smoothly	Overloaded drawer, misaligned drawer slides, debris in slides.	Reduce the weight in the drawer. Check that the drawer slides are correctly installed and free of obstructions. Ensure the drawer is properly aligned within its compartment.
Crate feels unstable or wobbly	Loose fasteners, uneven floor surface.	Re-tighten all assembly screws and bolts. Ensure the crate is placed on a flat, level surface. Use furniture pads or shims if necessary to stabilize on uneven floors.

8. Specifications

Detailed product specifications for your Garvee Dog Crate Furniture.

Image 4: Illustration highlighting the heavy-duty construction of the dog crate, including thick board material, chew-proof metal bars, and sturdy, safe locks. This image emphasizes the durability and security features of the product.

Feature	Detail
Brand	Garvee
Model Number	ejyiAJkGJ_ubHJG2ays5cQoeGtc03
Product Dimensions (External)	37.8"L x 23.6"W x 34.3"H
Product Dimensions (Internal Crate Area)	Approx. 33.1"L x 23.6"W x 22"H
Item Weight	77.8 pounds
Material	Engineered Wood, Iron
