Garvee JJGV36CC-W-K-123-0R

Garvee King Platform Bed Frame - Walnut Fluted Design

Model: JJGV36CC-W-K-123-0R

Introduction

Thank you for choosing the Garvee King Platform Bed Frame. This manual provides essential information for the safe assembly, operation, and maintenance of your new bed frame. Designed with a modern minimalist aesthetic and a unique fluted walnut finish, this low-profile bed frame offers sturdy, noise-free support without the need for a box spring. Please read these instructions carefully before beginning assembly and retain them for future reference.

Safety Information

WARNING: Failure to follow these safety instructions could result in injury or damage to the product.

- Periodically check and tighten all screws and hardware to maintain stability and safety.
- Be cautious when placing the bed frame to avoid tripping hazards.
- Always follow the assembly instructions carefully to prevent injuries.
- Do not exceed the maximum weight capacity of the bed frame.
- Keep small parts away from children during assembly to prevent choking hazards.

Package Contents

Before assembly, ensure all parts are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Wooden Side Panels (with fluted design)
- Metal Support Frame Components
- Heavy-Duty Wood Slats
- Reinforced Cross Beams
- Integrated Sound-Absorbing Foam Pads
- Assembly Hardware (screws, bolts, Allen wrench)
- Instruction Manual

Assembly Instructions

Assembly is designed to be quick and hassle-free, typically taking 40-60 minutes with clear instructions and all necessary tools included.

1. **Unpack and Identify Parts:** Lay out all components on a clean, soft surface to prevent scratches. Verify all parts

against the parts list in the instruction manual.

2. **Assemble the Metal Support Frame:** Connect the metal support beams and legs as indicated in the manual. Ensure all connections are finger-tightened initially.
3. **Attach Side Rails:** Secure the wooden side panels to the assembled metal frame using the provided hardware. The fluted design should face outwards.
4. **Install Center Support:** Fasten the reinforced cross beams and center support legs to the metal frame.
5. **Place Wood Slats:** Position the heavy-duty wood slats across the frame. The integrated sound-absorbing foam pads on the slats help prevent noise. Ensure slats are evenly spaced and secured if applicable.
6. **Final Tightening:** Once all components are in place, securely tighten all screws and bolts using the provided Allen wrench. Do not overtighten.

Operating Instructions

The Garvee King Platform Bed Frame is designed for optimal mattress support without the need for a box spring.

- **Mattress Placement:** Carefully place your King-sized mattress directly onto the installed wood slats. The recessed platform design will securely hold your mattress in place, preventing slipping.
- **Noise-Free Use:** The sturdy construction with reinforced cross beams and sound-absorbing foam pads ensures a quiet sleeping experience.
- **Low-Profile Design:** The full floor-standing, low-profile silhouette eliminates dust collection underneath and simplifies cleaning, contributing to a fresh, clutter-free bedroom.

Maintenance

- **Cleaning:** Wipe the wooden surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Hardware Check:** Periodically (e.g., every 3-6 months) inspect all screws and bolts to ensure they remain tight. Retighten if necessary to maintain stability and prevent squeaking.
- **Dust Removal:** The low-profile design minimizes dust accumulation underneath. For cleaning, a vacuum cleaner with a brush attachment can be used along the base.

Troubleshooting

Problem	Possible Cause	Solution
Bed frame is wobbly or unstable.	Loose hardware.	Check and tighten all screws and bolts. Ensure all connections are secure.
Squeaking noises.	Loose connections or friction between parts.	Ensure all hardware is tightened. Verify that the sound-absorbing foam pads are correctly placed on the slats. If necessary, disassemble and reassemble, ensuring all parts are aligned.
Mattress slides on the frame.	Incorrect mattress placement or uneven surface.	Ensure the mattress is properly seated within the recessed platform. Check that the bed frame is on a level surface.

Specifications

- **Size:** King
- **Product Dimensions:** 81"L x 77.2"W x 7.7"H
- **Color:** Walnut
- **Material:** Engineered Wood
- **Finish Type:** Polished
- **Special Feature:** Space Saving, Noise-Free, No Box Spring Needed
- **Item Weight:** 67.5 pounds
- **Assembly Required:** Yes
