Garvee B0G6Z8QPHC

Garvee 10x10 Pop-Up Canopy with 3 Removable Sidewalls Instruction Manual

Model: B0G6Z8QPHC

1. Introduction and Safety Information

This manual provides detailed instructions for the safe and effective setup, operation, and maintenance of your Garvee 10x10 Pop-Up Canopy. Please read all instructions carefully before assembly and use. Retain this manual for future reference.

Important Safety Information

WARNING:

Use with caution and follow the manufacturer's instructions for safe installation, use, and disassembly. This product may be exposed to elements such as wind, rain, and sun, so it is important to take additional safety measures accordingly. Do not use in severe weather conditions, including heavy winds, storms, or snow. Always secure the canopy with the provided stakes and sandbags.

2. Package Contents

Verify that all components listed below are present before beginning assembly. If any parts are missing or damaged, contact Garvee customer support.

Figure 2.1: Included Components

- 1 x Steel Frame (Pre-assembled pop-up frame)
- 1 x Canopy Top (210D silver-coated Oxford fabric)
- 3 x Removable Sidewalls (Included in the "1 Sidewalls" set)
- 1 x Storage Bag (with wheels for transport)
- 4 x Empty Sandbags (for stability)
- 4 x Guy Ropes (for securing)
- 8 x Spikes (for ground anchoring)

3. Setup Instructions

The Garvee Pop-Up Canopy is designed for quick and easy assembly, often achievable by one person. Follow these steps for proper setup:

1. **Unpack the Frame:** Remove the steel frame from the storage bag and place it in the desired setup location.

Partially extend the legs.

2. **Expand the Frame:** With a partner (recommended for ease, though one person can manage), grasp two opposite outer legs and slowly pull them apart until the frame is about halfway open.
3. **Attach the Canopy Top:** Drape the canopy fabric over the partially opened frame. Secure the corners of the canopy top to the frame's corner posts using the hook-and-loop fasteners.
4. **Fully Extend the Frame:** Push up on the central locking mechanism until it clicks into place, fully extending the frame. Ensure all four corners are properly seated.
5. **Adjust Height:** Press the push-button sliders on each leg to extend the legs to your desired height. There are multiple height settings (see Figure 3.1). Ensure all legs are extended to the same height for stability.

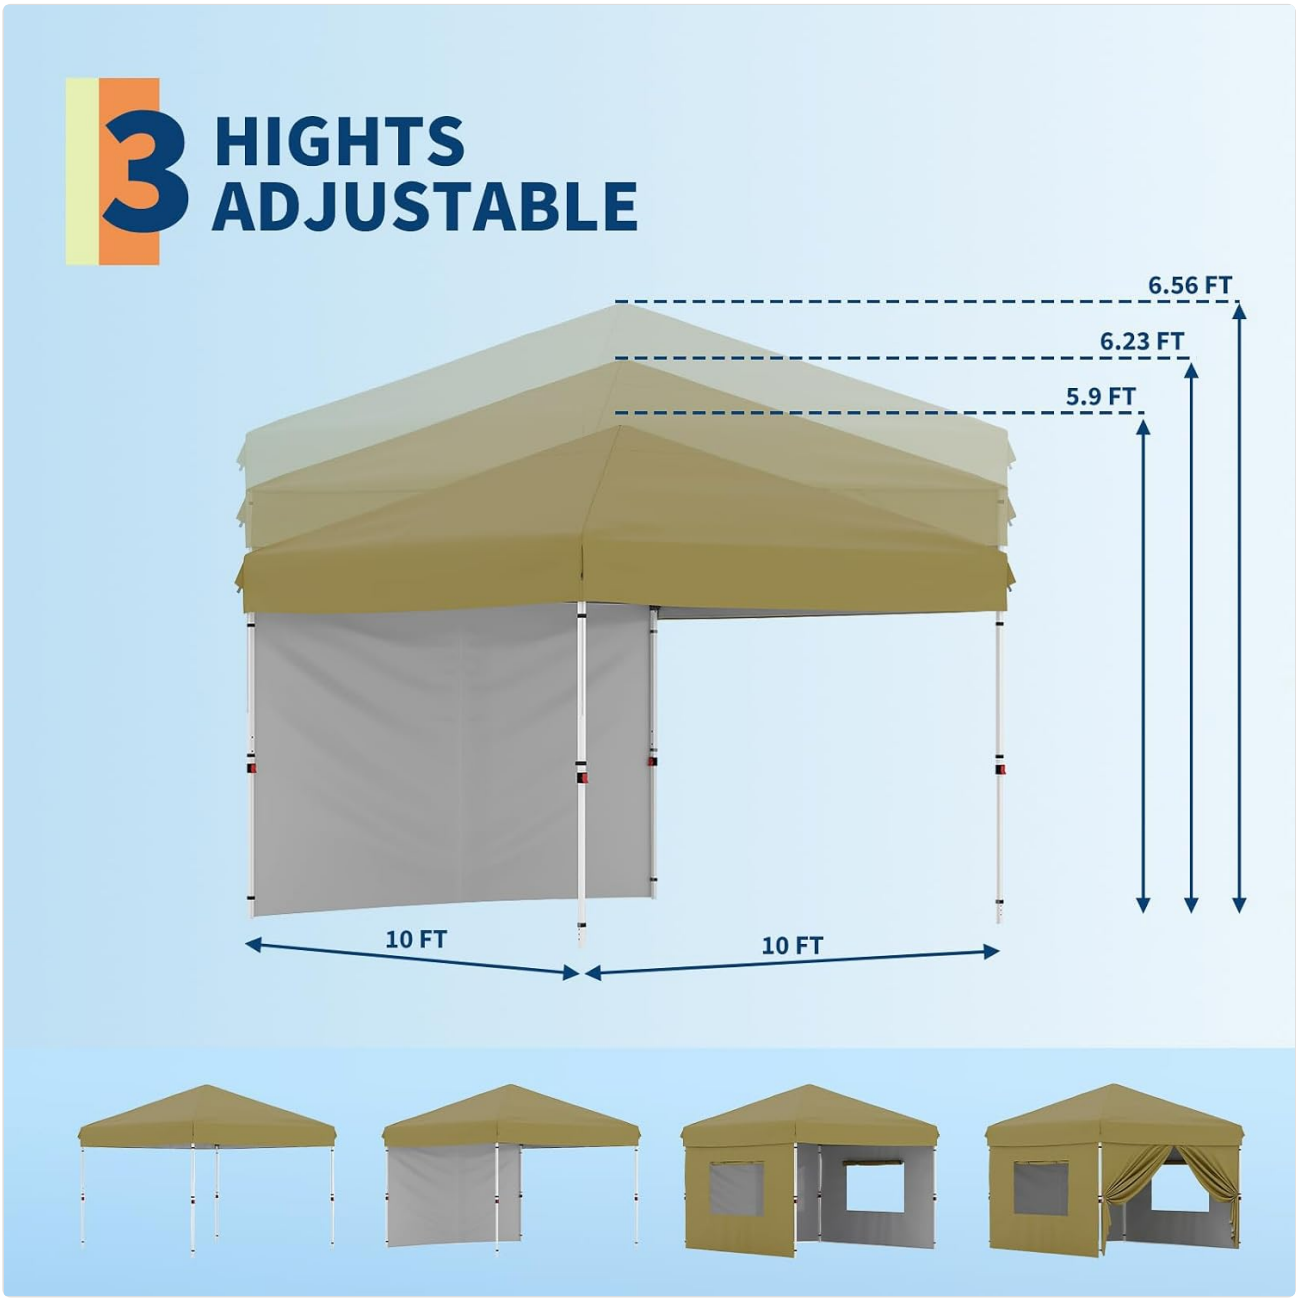

Figure 3.1: Adjustable Height Settings

6. **Secure the Canopy:**
    - **Sandbags:** Fill the provided sandbags with sand or other heavy material and attach them to the canopy legs for added stability.
    - **Guy Ropes & Spikes:** For maximum stability, especially in windy conditions, attach the guy ropes to the canopy's corners and stake them into the ground using the provided spikes.

7. **Attach Sidewalls (Optional):** If desired, attach the sidewalls to the canopy frame using the hook-and-loop fasteners.

4. Operating Instructions

Height Adjustment

To adjust the canopy height, locate the push-button sliders on each leg. Press the button and slide the inner leg up or down to the desired position. Ensure all four legs are locked at the same height before use. Refer to Figure 3.1 in the Setup section for visual guidance on height options.

Sidewall Usage

The canopy includes three removable sidewalls. These can be attached or removed as needed for additional shade, privacy, or protection from wind and light rain. Simply align the hook-and-loop fasteners on the sidewalls with those on the canopy frame and press firmly to secure.

Disassembly and Storage

To disassemble, reverse the setup steps:

1. Remove all sidewalls, guy ropes, and sandbags.
2. Retract the legs by pressing the push-button sliders and pushing the inner legs upwards.
3. Release the central locking mechanism and gently push the frame inwards from two opposite sides until it is fully collapsed.
4. Remove the canopy top.
5. Fold the canopy top and sidewalls neatly. Place all components into the storage bag. The wheeled storage bag facilitates easy transport.

Figure 4.1: Portable Storage

5. Maintenance

Proper maintenance will extend the life of your Garvee Pop-Up Canopy.

- **Cleaning Fabric:** Clean the canopy top and sidewalls with mild soap and water. Do not use harsh detergents or bleach. Rinse thoroughly and allow to air dry completely before folding and storing to prevent mildew.
- **Cleaning Frame:** Wipe the steel frame with a damp cloth. Ensure the frame is dry before storage to prevent rust. The frame features a waterproof coating for rust resistance, but proper drying is still recommended.
- **Storage:** Always store the canopy and all components in the provided storage bag in a cool, dry place, away from direct sunlight and extreme temperatures.
- **Inspection:** Periodically inspect the frame for any signs of damage, bending, or rust. Check the fabric for tears or excessive wear. Address any issues promptly to ensure safe operation.

6. Troubleshooting

If you encounter issues with your Garvee Pop-Up Canopy, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Canopy difficult to open or close.	Frame not aligned; central locking mechanism stuck.	Ensure the frame is on a flat surface. Gently wiggle the frame to align joints. Apply light pressure to the central locking mechanism. Do not force.
Canopy unstable or wobbling.	Legs not fully extended or unevenly adjusted; insufficient anchoring.	Ensure all legs are fully extended and locked at the same height. Use all provided sandbags, guy ropes, and spikes to secure the canopy to the ground.
Water pooling on canopy top.	Canopy not taut; improper setup.	Ensure the canopy fabric is stretched tightly over the frame. Adjust leg heights if necessary to create proper tension and allow water runoff. Do not use in heavy rain.
Sidewalls do not attach properly.	Hook-and-loop fasteners misaligned or dirty.	Clean fasteners if dirty. Ensure sidewalls are oriented correctly and align fasteners precisely before pressing to secure.

7. Specifications

Feature	Detail
Brand	Garvee
Model Number	B0G6Z8QPHC
UPC	800072345753
Dimensions (L x W)	10 x 10 feet (3.05 x 3.05 meters)
Adjustable Height	Yes (Approx. 5.9 ft, 6.23 ft, 6.56 ft)
Floor Area	100 square feet
Canopy Material	210D Silver-Coated Oxford Fabric (Polyester)
UV Protection	UPF 50+ (Blocks 99% of UV rays)
Water Resistance	Waterproof
Frame Material	Thick Steel with Waterproof Coating (Alloy Steel)
Wind Resistance	Up to 25 mph (when properly secured)
Item Weight	34.83 Pounds (approx. 15.8 kg)
Color	Khaki
Assembly Required	Yes
Recommended Uses	Camping, Market Stalls, Events, Parties, BBQ

8. Warranty and Support

Garvee stands behind the quality of its products. For specific warranty information, please refer to the product packaging or contact Garvee customer support directly. Keep your purchase receipt as proof of purchase.

Customer Support

If you have any questions, require assistance with assembly, or need to report a missing or damaged part, please contact Garvee customer support through the retailer where the product was purchased or visit the official Garvee website for contact information.

Note: No specific warranty period or direct contact information was provided in the product details. Please refer to the manufacturer's official channels for the most up-to-date support information.
