Garvee Queen Size Bed Frame with 4 Storage Drawers and Adjustable Headboard

Instruction Manual

1. Product Overview

The Garvee Queen Size Bed Frame is a platform bed designed for comfort and practicality. It features an upholstered headboard and integrated storage solutions, eliminating the need for a box spring. This manual provides essential information for assembly, operation, and maintenance.

2. Safety Information

- Always follow the assembly instructions carefully to ensure the bed frame's stability and structural integrity.
- Keep small components, such as EVA sponge strips and hardware, away from young children to prevent potential choking hazards.
- Ensure all connections are securely tightened after assembly and periodically check for any loosening.

- Do not exceed the maximum weight recommendation of 1000 pounds for the bed frame.

3. Package Contents

Your Garvee bed frame package includes all necessary components for assembly. Please verify that all parts are present before beginning assembly. Refer to the included instruction manual for a detailed list of parts and hardware.

- Headboard (Upholstered)
- Side Rails
- Footboard with integrated drawer mechanism
- 4 Wire Netting Storage Drawers
- Wooden Slats
- Support Legs
- Assembly Hardware (screws, bolts, washers, Allen wrench)
- EVA Sponge Strips (pre-applied or included)
- Assembly Instruction Manual

4. Setup and Assembly

The Garvee bed frame is designed for straightforward assembly. All required tools and clear instructions are provided within the package. It is recommended to assemble the bed frame with two people.

Assembly Steps:

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches. Compare the parts with the list in the included instruction manual.
2. **Assemble the Frame:** Follow the step-by-step diagrams and instructions provided in the separate assembly manual to connect the headboard, side rails, and footboard.
3. **Install Wooden Slats:** Secure the wooden slats to the frame according to the instructions. Ensure the EVA sponge strips are correctly positioned to minimize noise.
4. **Insert Storage Drawers:** Once the main frame is assembled, insert the four wire netting drawers into their designated positions under the bed.
5. **Adjust Headboard Height:** If desired, adjust the headboard to your preferred height (between 39.4 and 45.7 inches) to accommodate your mattress.

For detailed visual guidance, refer to the specific assembly manual included in your package.

5. Operating Instructions

5.1. Using the Storage Drawers

The bed frame includes four wire netting drawers with rollers, providing convenient under-bed storage. Each drawer measures approximately 27.2 inches (L) x 19.7 inches (W) x 5.3 inches (H).

- To open a drawer, gently pull the front panel outwards.
- To close a drawer, push it inwards until it is fully recessed under the bed frame.
- These drawers are ideal for storing bed sheets, accessories, off-season clothing, and other items.

Image 5.2: A close-up view of the four storage drawers, showcasing their capacity for bedding and clothing.

5.2. Adjusting the Headboard

The upholstered headboard is adjustable, allowing you to customize its height to match mattresses between 8 and 12 inches thick.

- The headboard can be adjusted to a height between 39.4 inches and 45.7 inches from the floor.
- Refer to the assembly instructions for the specific mechanism to adjust the headboard height. This typically involves loosening and re-tightening bolts on the headboard supports.

Image 5.3: A close-up of the upholstered headboard, highlighting its adjustable feature and linen fabric.

6. Maintenance

6.1. Upholstery Care

The bed frame features skin-friendly, breathable, and wear-resistant linen fabric. To maintain its appearance and durability:

- **Regular Cleaning:** Vacuum the upholstered surfaces regularly using a soft brush attachment to remove dust and debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild fabric cleaner specifically designed for linen, testing on an inconspicuous area first. Avoid harsh chemicals.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading.

6.2. Frame and Drawers

- **Cleaning:** Wipe the metal frame and drawer components with a damp cloth and mild detergent if necessary. Dry thoroughly. The wire netting drawers are designed to be easy to clean.
- **Tighten Connections:** Periodically check all bolts and screws and tighten them as needed to ensure the frame remains stable and secure.
- **Drawer Rollers:** Ensure the drawer rollers are free of debris for smooth operation.

7. Troubleshooting

7.1. Bed Frame is Noisy or Squeaks

- **Check Connections:** Ensure all bolts and screws are securely tightened. Loose connections are a common cause of noise.
- **Slat Placement:** Verify that all wooden slats are correctly seated and evenly spaced. The integrated EVA sponge strips are designed to reduce noise from the slats.
- **Uneven Floor:** If the floor is uneven, the bed frame may rock. Consider placing felt pads under the support legs to stabilize it.

7.2. Drawers Do Not Slide Smoothly

- **Obstructions:** Check for any items or debris obstructing the rollers or the drawer's path.
- **Alignment:** Ensure the drawers are correctly aligned within their tracks.
- **Overloading:** Avoid overloading the drawers, as this can hinder smooth operation.

7.3. Missing or Damaged Parts

If you find any parts missing or damaged upon opening the package, please contact Garvee customer support immediately for assistance.

8. Specifications

Feature	Detail
Model Number	PHO_121UIVQY
UPC	800068670180
Size	Queen (U.S. Standard)
Product Dimensions (L x W x H)	81.89" x 61.02" x 41.73"
Material	Engineered Wood, Linen (Headboard)
