VEVOR ZD-25DOG07

VEVOR Wood Pet Stairs

Model: ZD-25DOG07 - 5-Step Foldable

Instruction Manual

1. Introduction

Thank you for choosing the VEVOR Wood Pet Stairs. This product is designed to provide a safe and comfortable way for your pets, especially small to medium-sized dogs, senior pets, or those with mobility issues, to access elevated surfaces such as beds, sofas, and car seats. Its foldable design ensures easy storage and portability. Please read this manual thoroughly before using the product to ensure proper setup, safe operation, and maintenance.

2. Safety Instructions

- **Weight Limit:** Do not exceed the maximum load capacity of 150 lbs (68 kg). Overloading can cause damage to the stairs and potential injury to your pet.
- **Pet Supervision:** Always supervise your pet, especially during initial use, to ensure they use the stairs safely.
- **Stable Placement:** Place the pet stairs on a flat, stable, and non-slip surface. Ensure all feet are firmly on the ground before your pet uses them.
- **Regular Inspection:** Periodically inspect the stairs for any signs of wear, damage, or loose components. Discontinue use if any damage is found.
- **Intended Use:** This product is designed for pets only. Do not allow children or adults to climb or play on the stairs.
- **Avoid Modifications:** Do not attempt to modify or alter the product in any way, as this may compromise its safety and stability.

3. Package Contents

Please check the package to ensure all items are present:

- VEVOR 5-Step Foldable Wood Pet Stairs ×1
- Instruction Manual ×1
- Training Card (with string) ×1

4. Setup and Assembly

The VEVOR Wood Pet Stairs come pre-assembled and are designed for quick setup.

1. Remove the pet stairs from their packaging.

2. Place the folded stairs on a flat surface with the steps facing upwards.
3. Gently pull the top step upwards and outwards to unfold the stairs. The support legs will extend.
4. Ensure the support board for the steps is fully extended and locked into place, creating a stable triangular structure.
5. Verify that all four non-slip feet are firmly on the ground and the stairs are stable before allowing your pet to use them.

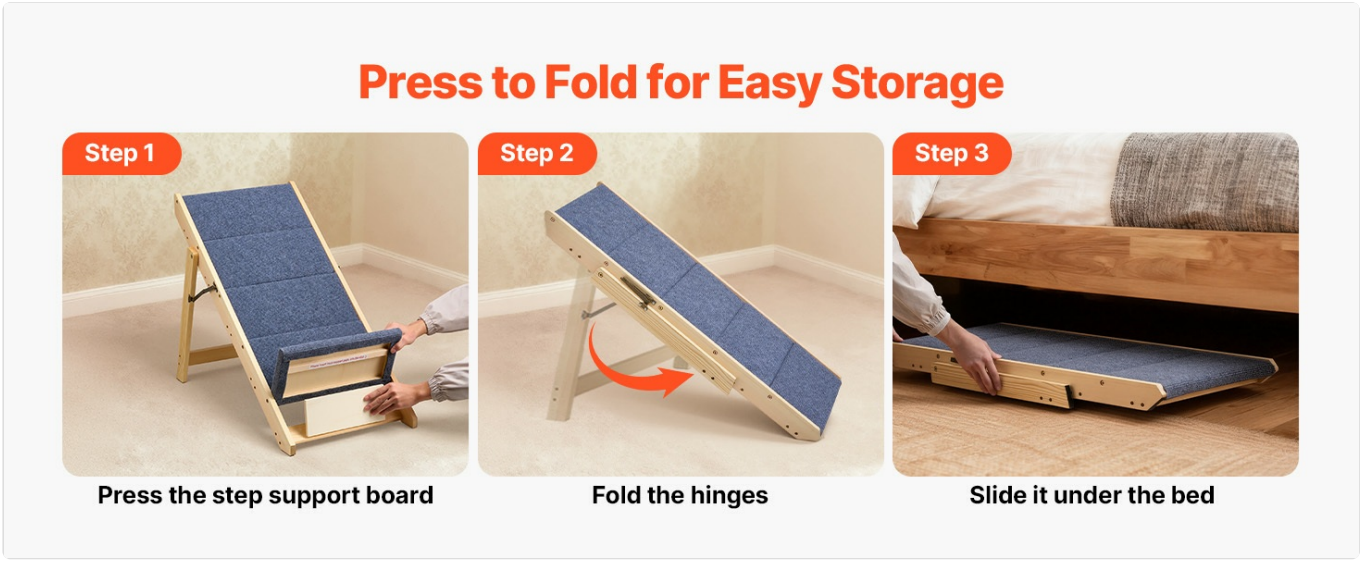

Figure 1: Three-step visual guide demonstrating how to fold the VEVOR pet stairs flat for easy storage: press the step support, fold hinges, and slide under furniture.

5. Operating Instructions

5.1 Placement

Position the pet stairs directly against the furniture or vehicle your pet needs to access. Ensure there is no gap between the top step and the target surface to prevent your pet from slipping.

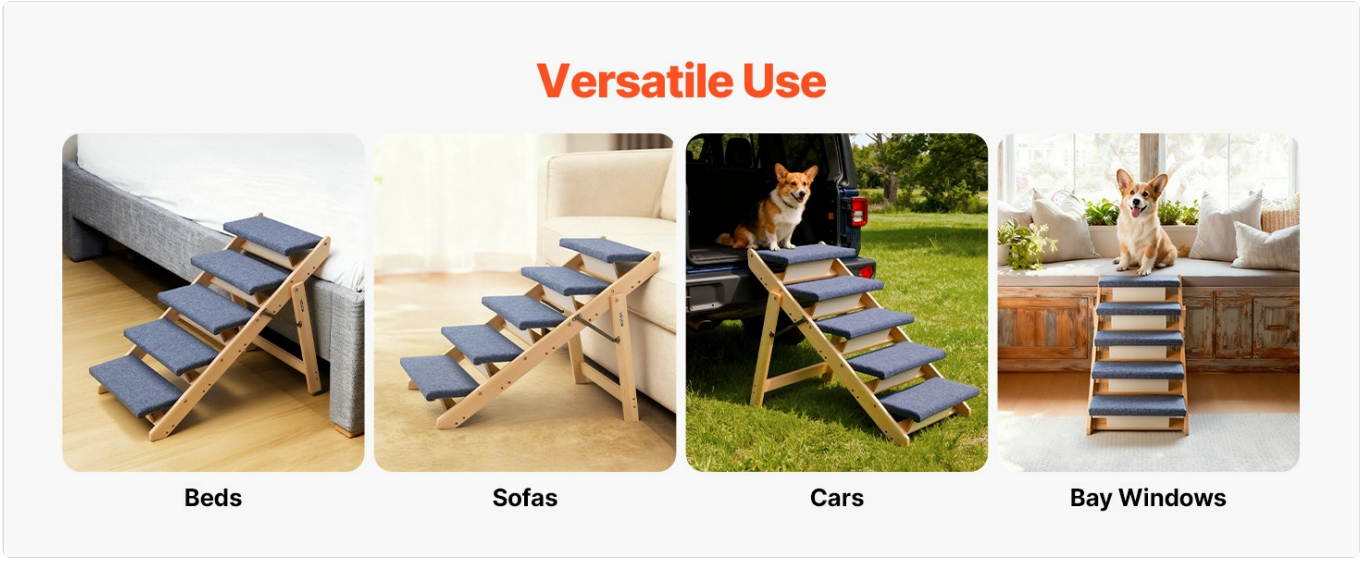

Figure 2: Examples of the pet stairs' versatile use, showing them positioned next to beds, sofas, inside cars, and by bay windows to assist pets.

5.2 Pet Training

Some pets may need encouragement to use the stairs. Use the included training card and follow these tips:

- **Positive Reinforcement:** Place treats on each step to encourage your pet to climb up and down. Praise them enthusiastically when they use the stairs.

- **Gentle Guidance:** Gently guide your pet up and down the stairs with a leash or by hand, if they are comfortable with it.
- **Patience:** Be patient. It may take some time for your pet to become accustomed to using the stairs. Never force them.
- **Consistency:** Encourage your pet to use the stairs consistently for access to their favorite spots.

5.3 Key Features

- **Gentle Slope:** The 12 cm (4.72 inch) step height provides a gentle incline, reducing strain on your pet's joints.
- **Sturdy Construction:** Made from pine wood with reinforced screws, supporting pets up to 150 lbs (68 kg).
- **Non-Slip Surface:** Each step is covered with soft polyester fabric for excellent paw traction.
- **Foldable Design:** Folds flat for convenient storage and transport.

Figure 3: Illustration highlighting the 12 cm gentle step height of the VEVOR pet stairs, designed to protect pet joints compared to steeper alternatives.

Figure 4: Detailed view of the pet stairs construction, emphasizing solid pine panels, reinforced large screws for durability, and non-slip rubber pads for stability.

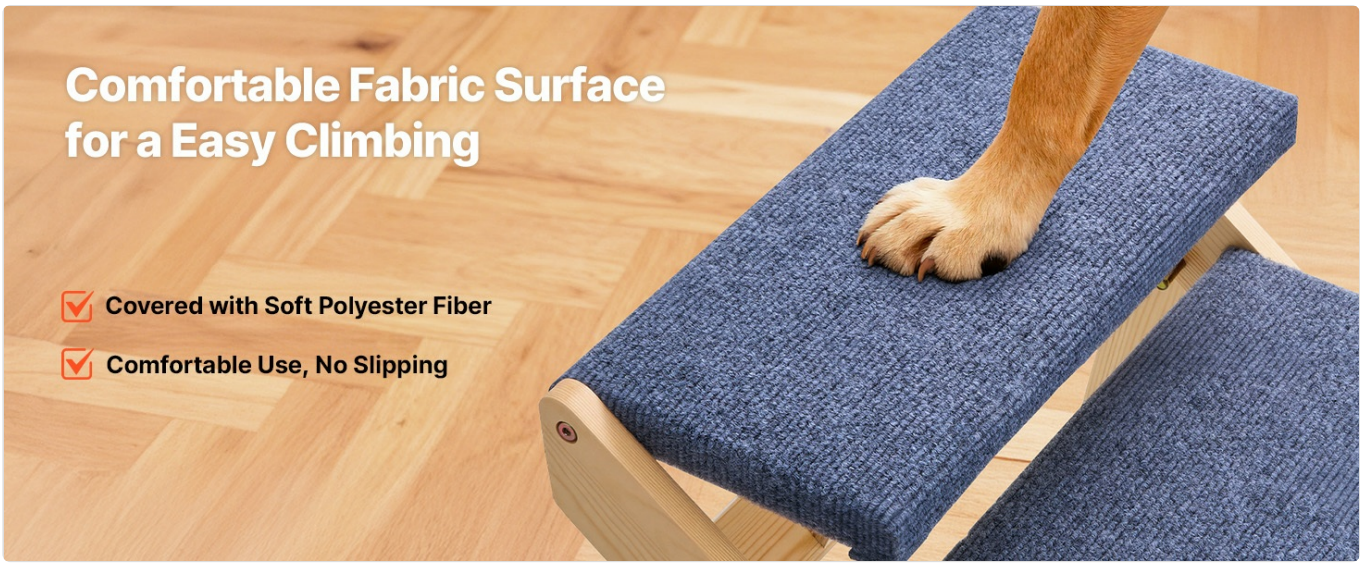

Figure 5: Close-up of the comfortable polyester fabric surface on the pet stairs, providing excellent traction and a soft feel for pet paws.

6. Maintenance

6.1 Cleaning

- **Wood Frame:** Wipe the wooden frame with a soft, damp cloth. For stubborn dirt, use a mild wood cleaner and dry immediately. Avoid abrasive cleaners or excessive moisture.
- **Fabric Steps:** Vacuum the fabric steps regularly to remove pet hair and debris. For spot cleaning, use a mild fabric cleaner or a damp cloth with a small amount of soap. Blot the area gently and allow it to air dry completely. Do not saturate the fabric.

6.2 Storage

When not in use, fold the pet stairs flat and store them in a dry place away from direct sunlight and extreme temperatures.

7. Troubleshooting

- **Pet is reluctant to use the stairs:** Refer to the
