CAT7 Hight Speed Gigabit Ethernet Patch Internet Cable

Important Safeguards

Read these instructions carefully and retain them for future use. If this product is passed to a third party, then these instructions must be included.

DANGER: Risk of suffocation! Keep any packaging materials away from children – these materials are a potential source of danger, e.g. suffocation.

CAUTION: Risk of tripping! Route this product neatly to avoid tripping hazard.

NOTICE

- Do not deform, bend tightly, stretch, staple, and twist this product.
- Do not use this product in life support systems.

Intended Use

- This product is used to connect computers, printers, Network Attached Storages (NAS) and other network devices.
- This product is intended for private use only.

NOTICE: Your network speed is determined by many factors which include the cable, router, switch boxes, other network components, and also the service provider.

- **Construction:** Shielded

- **Supported Ethernet signal:** 10BASE-T, 100BASE-TX (Fast Ethernet), 1000BASE-T / 1000BASE-TX (Gigabit Ethernet), 10GBASE-T (10-Gigabit Ethernet)

Disposal

The Waste Electrical and Electronic Equipment (WEEE) Directive aims to minimize the impact of electrical and electronic goods on the environment, by increasing reuse and recycling and by reducing the amount of WEEE going to landfill. The symbol on this product or its packaging signifies that this product must be disposed separately from ordinary household wastes at its end of life. Be aware that this is your responsibility to dispose of electronic equipment at recycling centers in order to conserve natural resources. Each country should have its collection centers for electrical and electronic equipment recycling. For information about your recycling drop off area, please contact your related electrical and electronic equipment waste management authority, your local city office, or your household waste disposal service.
