# OAKHAM HOME Buffet Cabinet Fluted Sideboard User Manual

Model: AFSC0005

## 1. Introduction

Thank you for choosing the OAKHAM HOME Fluted Sideboard. This modern storage credenza is designed to enhance your living space with its distinctive fluted doors and versatile storage capabilities. This manual provides essential information for safe assembly, proper operation, and effective maintenance of your new cabinet.

The cabinet features four doors, adjustable interior shelves, and soft-close hinges for quiet and convenient use. Its robust construction and included anti-tip hardware ensure stability and safety in various home environments.

## 2. Safety Information

Please read all safety instructions carefully before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Anti-Tip Hardware:** Always install the included anti-tip hardware to secure the cabinet to a wall. This is crucial to prevent serious injury from tipping, especially in homes with children or pets.
- **Weight Capacity:** Do not exceed the maximum load capacity. The top surface supports up to 100 lbs, and each adjustable shelf supports up to 25 lbs. Distribute weight evenly.
- **Assembly:** Assemble the unit on a soft, clean surface to prevent scratches. Ensure all parts are correctly aligned and fasteners are tightened securely.
- **Placement:** Place the cabinet on a level surface to ensure stability. Avoid placing it in areas with excessive moisture or direct sunlight, which can damage the engineered wood finish.
- **Moving the Cabinet:** When moving the cabinet, always lift it. Do not drag it, as this can damage the legs and structure.

Figure 2.1: Anti-Tip Design for Safety. Always secure the cabinet to the wall using the provided hardware to prevent tipping.

## 3. Setup and Assembly

Assembly of the OAKHAM HOME Fluted Sideboard typically takes 2-3 hours with two people. All parts are labeled, and step-by-step instructions are included in the installation kit.

### 3.1 Before You Begin

- Unpack all components and verify against the parts list in your installation kit.
- Ensure you have all necessary tools (typically a screwdriver and hammer, not included).
- Clear a spacious, clean, and soft area for assembly to prevent damage to parts.

### 3.2 Assembly Steps

1. Follow the numbered steps in the provided installation kit.

2. Attach the main frame components, ensuring all connections are secure.
3. Install the adjustable shelf supports at your desired height.
4. Mount the soft-close hinges to the doors and cabinet frame.
5. Attach the doors, making sure they are properly aligned. Adjust hinges as needed for even gaps.
6. Secure the anti-tip hardware to the back of the cabinet and to a wall stud using appropriate wall anchors (not always included, check your kit).

Figure 3.1: Product Dimensions and Load Capacity. The cabinet measures 15.4"D x 55.5"W x 32.8"H. The top surface can hold up to 100 lbs, and each shelf up to 25 lbs.

## 4. Operating Instructions

The OAKHAM HOME Fluted Sideboard is designed for flexible storage and ease of use.

### 4.1 Adjustable Shelves

The cabinet features adjustable shelves to accommodate items of various heights. To adjust a shelf:

- Empty the shelf completely.
- Remove the shelf by lifting it off its supports.
- Relocate the shelf supports to the desired peg holes inside the cabinet.
- Place the shelf back onto the supports, ensuring it is level and secure.

Figure 4.1: Adjustable Shelf Heights. The shelves can be moved to three different heights to create flexible storage configurations for various items.

## 4.2 Soft-Close Doors

The cabinet doors are equipped with soft-close hinges. This feature allows the doors to close gently and quietly, reducing noise and preventing fingers from being caught. Simply push the door gently, and the mechanism will engage to close it smoothly.

Figure 4.2: Interior Storage and Soft-Close Hinges. The cabinet provides ample space for items like dishes, with hinges designed for quiet closing.

## 5. Maintenance

Proper care will help maintain the appearance and longevity of your OAKHAM HOME Fluted Sideboard.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals, abrasive cleaners, or polishes that may damage the finish. Dry immediately with a clean cloth.
- **Spills:** Clean up spills immediately to prevent staining or damage to the engineered wood.
- **Heat and Moisture:** Protect the surface from extreme heat and moisture. Use coasters under hot items and avoid placing wet objects directly on the cabinet.
- **Scratches:** While the finish is durable, avoid dragging sharp or heavy objects across the surface to prevent scratches.
- **Hardware:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.

Figure 5.1: Charcoal Ash Oak Finish. The engineered wood features a waterproof, subtle grain that is easy to clean.

## 6. Troubleshooting

Here are solutions to common issues you might encounter:

- **Doors Not Aligning:** If the doors appear uneven or do not close properly, adjust the hinges. Most soft-close hinges have adjustment screws that allow for vertical, horizontal, and depth adjustments. Refer to the hinge manufacturer's instructions or a general guide for hinge adjustment.
- **Wobbly Cabinet:** Ensure the cabinet is placed on a level surface. Check that all assembly screws are tightened securely. If the floor is uneven, use furniture levelers under the legs if available, or small shims. Confirm the anti-tip hardware is properly installed and secured to the wall.
- **Scratches or Chips:** For minor scratches, furniture repair markers or wax sticks matching the finish color can be used. For significant damage, contact customer support for advice.

## 7. Specifications

Key specifications for the OAKHAM HOME Fluted Sideboard (Model AFSC0005):

| Feature | Specification |
|---|---|
| Brand | OAKHAM HOME |
| Model Number | AFSC0005 |
