LVSOMT 97136-27

LVSOMT 63" RGB High-Gloss Sideboard Buffet Cabinet User Manual

Model: 97136-27

1. Product Overview

The LVSOMT 63" RGB High-Gloss Sideboard Buffet Cabinet is a modern storage solution designed for various rooms, featuring adjustable shelving, an integrated charging station, and customizable RGB LED lighting with a motion sensor. This cabinet combines functionality with a sleek aesthetic.

2. Safety Information

- Always follow assembly instructions carefully to ensure structural integrity.
- Do not overload shelves or the countertop beyond specified weight capacities.
- Keep electrical components (charging station, LED lights) away from water.
- Ensure the cabinet is placed on a level surface to prevent tipping.
- Children should be supervised around the cabinet, especially during assembly or when accessing contents.

3. Setup and Assembly

Assembly of the LVSOMT Sideboard Buffet Cabinet is required. Please ensure all components are present before beginning. Your order ships in two separate packages (A & B), which may arrive at different times.

3.1 Unpacking and Inventory

1. Open both packages (A & B) carefully and lay out all parts on a clean, soft surface to prevent scratches.

2. Refer to the included hardware and instructions manual for a complete list of parts. Verify all pieces are accounted for.

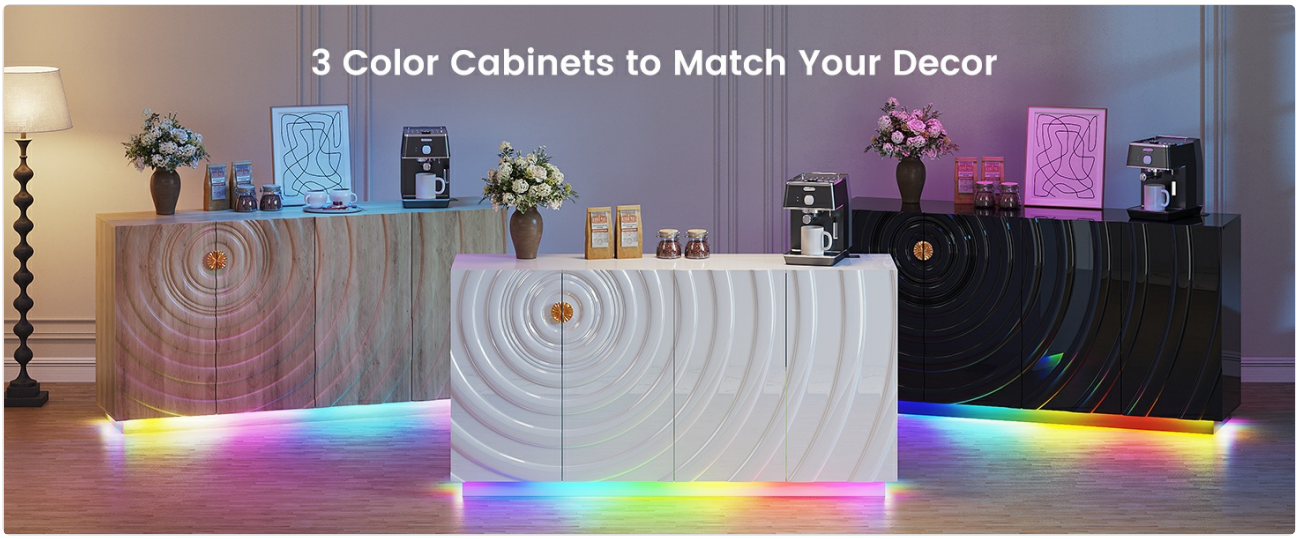

Image: Visual representation of the product arriving in two separate boxes.

3.2 Assembly Instructions

Follow the detailed assembly instructions provided in the included user manual. Ensure all screws and fasteners are tightened securely. Do not overtighten.

3.3 Hinge Adjustment

After assembly, you may need to adjust the door hinges to ensure proper alignment and smooth closing. Use the adjustment screws on each hinge as follows:

- **Screw A:** Controls the up and down height of the door.
- **Screw B:** Controls the gap between the door and the cabinet frame.
- **Screw C:** Controls the gap between the two doors.

4. Operating Instructions

4.1 Built-In Charging Station

The cabinet features an integrated charging station for convenient power access. It includes:

- 1 x Type-C Port (5V/2A)
- 1 x USB Port (5V/2A)
- 2 x AC Outlets (125V/12A)

Simply plug your devices into the appropriate ports to charge. The station is designed to keep your devices powered and your space tidy by reducing cable clutter.

4.2 RGB LED Ambient Lighting

Enhance your room's ambiance with the customizable RGB LED lighting strip. The lighting can be controlled via a user-friendly mobile application or directly from the smart module.

- **App Control:** Download the dedicated mobile app to access over 20 lighting colors, dynamic patterns, and loop modes.
- **Smart Module Control:** Use the physical controls on the smart module for basic adjustments. Short-touch to cycle through 24 color dimming modes. Long-touch to adjust brightness levels (30%, 50%, 100%).

4.3 Motion Sensor Light

The cabinet is equipped with an energy-saving human body motion sensor light. When the sensor button is activated, the light will automatically turn on when motion is detected within 1-2 meters and will turn off after 30 seconds of no activity. This feature provides hands-free convenience and enhances safety in low-light conditions.

4.4 Adjustable Shelves

The cabinet features adjustable shelves within its four compartments, allowing you to customize storage space for items of various sizes. Simply reposition the shelf supports to your desired height.

5. Maintenance and Care

To ensure the longevity and appearance of your LVSOMT Sideboard Buffet Cabinet, follow these maintenance guidelines:

- **Cleaning:** For the high-gloss finish, wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish. Dry immediately with a clean, soft cloth.
- **Dusting:** Regularly dust with a soft, dry cloth.
- **Spills:** Clean up spills immediately to prevent staining or damage to the engineered wood.
- **Hinges:** Periodically check door hinges for tightness and adjust if necessary to maintain proper door alignment.
- **Electrical Components:** Ensure the charging station and LED lights are kept dry and free from dust. Do not attempt to repair electrical components yourself.

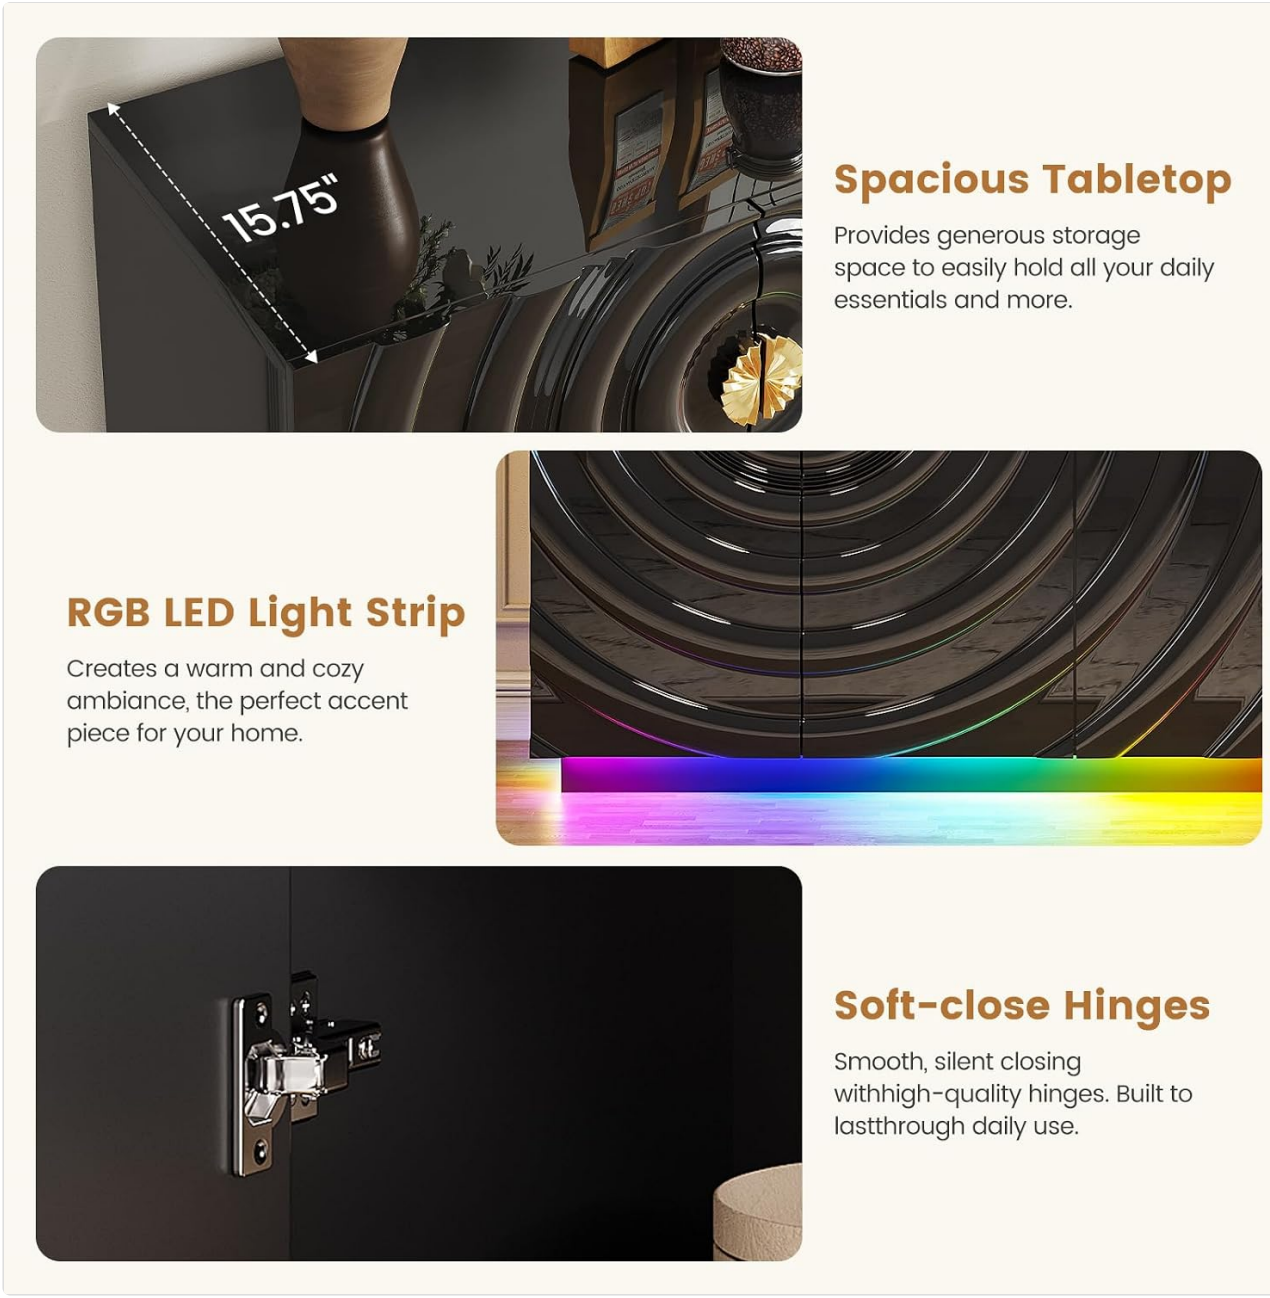

Image: Features like the spacious tabletop, RGB LED strip, and soft-close hinges, which benefit from regular care.

6. Troubleshooting

This section addresses common issues you might encounter with your sideboard cabinet.

- **Doors are misaligned or do not close properly:** Refer to Section 3.3 Hinge Adjustment to correct the alignment.
- **LED lights are not working:**
  - Check if the power adapter is securely plugged into a working outlet and the cabinet's power input.
  - Ensure the LED strip connection is secure.
  - Verify that the mobile app or smart module controls are set to an 'on' state and a visible color/brightness.
- **Motion sensor light is not activating:**
  - Confirm the motion sensor button is turned on.
  - Ensure there are no obstructions blocking the sensor's field of view.
  - Check if the ambient light is too bright, as some sensors are designed to only activate in low-light conditions.

- **Charging station is not providing power:**
  - Ensure the cabinet's main power cord is plugged into a functional wall outlet.
  - Test with a different device or cable to rule out device-specific issues.

If you encounter issues not listed here or if troubleshooting steps do not resolve the problem, please contact LVSOMT Customer Support.
