FORIOUS FF0078G

FORIOUS Kitchen Faucet User Manual

Model: FF0078G - Gold Single Handle with Hidden Pull-Down Sprayer

Lead-Free, Stainless Steel, High Arc Sink Faucet with Deck Plate, 1 or 3 Hole Mount

Product Overview

The FORIOUS Kitchen Faucet (Model FF0078G) is designed for modern kitchens, offering both style and functionality. It features a hidden pull-down sprayer for a clean aesthetic, a 360-degree swivel spout, and durable stainless steel construction.

- **Hidden Pull-Down Sprayer:** The sprayer is integrated within the spout, providing a streamlined look. A gravity-assisted retraction system ensures smooth and secure docking after use.
- **Flexible Reach:** Enjoy a 360-degree rotating spout and an 18-inch pull-down hose for extensive coverage, suitable for various kitchen tasks.
- **Dual Spray Functions:** Easily switch between a powerful spray for rinsing and a gentle, splash-resistant stream for filling pots.
- **Durable Construction:** The faucet body is made from high-quality stainless steel with a 5-layer coating to resist fingerprints and water spots.
- **Reliable Performance:** Equipped with a precision ceramic valve cartridge for smooth operation and drip-free performance, certified to meet DOE and CEC standards.

Setup and Installation

This faucet is designed for easy installation, compatible with both single-hole and 3-hole sinks. Pre-installed hot and cold supply hoses simplify the process.

Before You Begin:

- Ensure you have all included components: faucet, deck plate, handle, installation hardware, and instruction manual.
- Turn off the main water supply to your kitchen sink.
- Clear the area under your sink for easy access.

Installation Steps:

1. **Prepare the Sink Hole:** The faucet requires a mounting hole size of 1.30"-1.38". For 3-hole sinks, use the included deck plate. Ensure your countertop thickness is <1.5".

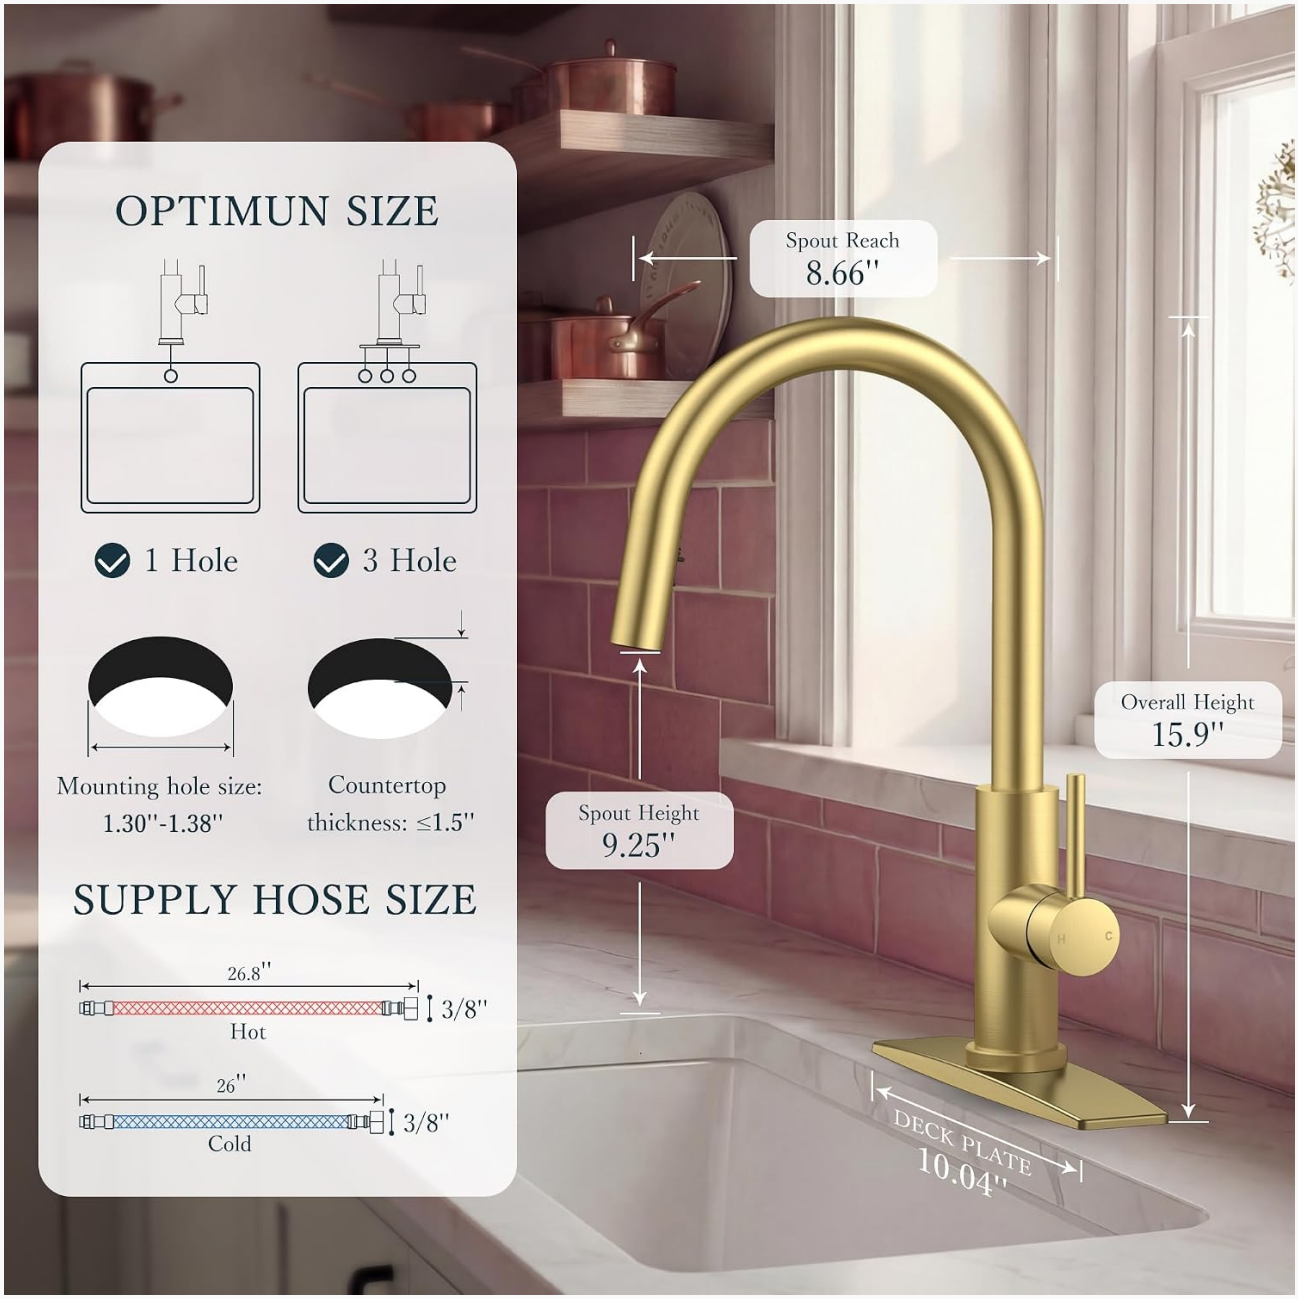

Image: Optimal size requirements for faucet installation, including dimensions for 1-hole and 3-hole sinks, spout height, and hose connections.

2. **Mount the Faucet:** Insert the faucet into the sink hole. Secure it from underneath the sink using the provided mounting hardware. The pre-assembled hot and cold supply hoses (3/8" connections) simplify this step.

3. **Connect Water Lines:** Connect the pre-installed hot and cold supply hoses to your water supply lines. Ensure connections are tight to prevent leaks.
4. **Install Gravity Ball:** Attach the gravity ball to the pull-down hose underneath the sink. This ensures the sprayer retracts smoothly and securely. Position it so it hangs freely without obstruction.

Image: Proper installation of the gravity ball for smooth sprayer retraction.

5. **Handle Placement:** The single handle can be installed with 2.5" clearance from the backsplash for side installation, or in a center position with no space limitation.
6. **Test the Faucet:** Turn on the main water supply and check for any leaks. Test both hot and cold water flow and the sprayer functions.

Operating Instructions

- **Water Flow Activation:** Lift the single handle to turn on the water. Move the handle left for hot water and right for cold water.
- **Pull-Down Sprayer:** Gently pull the sprayer head from the spout. The 18-inch hose provides extended reach for various tasks.

Image: Demonstrating the smooth pull-down and self-retracting sprayer function.

- **Switching Spray Modes:** The integrated spray head offers two functions. Press the button on the sprayer head to switch between a powerful spray for heavy-duty cleaning and a gentle stream for everyday use.

Image: Integrated spray head with dual spray functions (spray and stream).

- **Sprayer Retraction:** After use, release the sprayer head, and the gravity-assisted system will smoothly guide it back into its hidden position within the spout.
- **Swivel Function:** The faucet spout can swivel 360 degrees, allowing you to direct water to any part of your sink or adjacent areas.

Maintenance and Care

Proper maintenance will ensure the longevity and appearance of your FORIOUS kitchen faucet.

- **Regular Cleaning:** Clean the faucet regularly with a soft cloth and mild soap. Avoid abrasive cleaners, harsh chemicals, or scouring pads, as these can damage the finish.
- **Spot Cleaning:** The 5-layer coating helps reduce visible fingerprints and water spots. For stubborn spots, use a damp cloth and dry immediately.
- **Ceramic Cartridge:** The precision ceramic valve cartridge is designed for long-lasting, drip-free performance. If a drip occurs, it may indicate a need for professional inspection or cartridge replacement.
- **Aerator Maintenance:** Periodically unscrew the aerator from the sprayer head and clean any mineral deposits or debris to maintain optimal water flow.

Troubleshooting

Refer to the following common issues and solutions before contacting customer support.

Problem	Possible Cause	Solution
Low Water Pressure	Clogged aerator; partially closed shut-off valves; debris in supply lines.	Clean the aerator; ensure shut-off valves are fully open; flush supply lines.
Faucet Leaks from Spout	Worn ceramic cartridge; loose connections.	Tighten connections; replace ceramic cartridge if necessary.
Sprayer Not Retracting Fully	Gravity ball obstructed; hose tangled.	Ensure gravity ball hangs freely; untangle the hose under the sink.

Problem	Possible Cause	Solution
Water Temperature Issues	Incorrect handle position; issues with water heater or supply.	Adjust handle; check water heater settings and supply lines.
