DUMOS 24x32 LED Bathroom Mirror

DUMOS 24"x32" LED Bathroom Mirror User Manual

Model: 24x32 LED Bathroom Mirror

1. Introduction

Thank you for purchasing the DUMOS 24"x32" LED Bathroom Mirror. This manual provides essential information for the safe installation, operation, and maintenance of your new mirror. Please read it thoroughly before use and retain it for future reference.

2. Safety Information

WARNING: Risk of Electric Shock. Always disconnect power before installation or servicing.

- Ensure the power supply is turned off at the circuit breaker before beginning installation.
- Installation should be performed by a qualified electrician if you are unsure.
- Do not operate the mirror if the glass is cracked or damaged.
- Keep the mirror away from direct water spray or excessive humidity.
- This mirror is designed for indoor use only.
- Handle the mirror with care to prevent breakage.

3. Package Contents

Please check the package for the following items:

- 1 x DUMOS 24"x32" LED Bathroom Mirror
- 1 x User Manual

4. Product Features

Your DUMOS LED Bathroom Mirror is equipped with advanced features for enhanced convenience and functionality:

- **Smart Anti-Fog Technology:** Clears fog from the mirror surface for immediate clarity.
- **3 Customizable Color Temperatures:** Select between Warm White (3000K), Natural White (4000K), and Cool White (6500K).

- **Dimmable Lighting:** Adjust brightness from 20% to 100% to suit your needs.
- **Memory Function:** Automatically saves your last used brightness and color temperature settings.
- **Front Light and Backlit:** Provides comprehensive illumination.
- **High-Quality Build:** Features 3mm Nano Tempered Glass for durability and safety.

5. Installation and Setup

This mirror is designed for wall-mounted installation. Professional installation is recommended.

5.1 Mounting

1. Determine the desired mounting location on a sturdy wall.
2. Mark the drilling points accurately based on the mirror's hanging brackets.
3. Drill holes and insert appropriate wall anchors (not included, choose based on wall type).

4. Securely attach the mounting hardware to the wall.
5. Carefully hang the mirror onto the installed hardware, ensuring it is level and secure.

5.2 Power Connection

The mirror is powered by connecting its plug to a standard electrical outlet.

6. Operation

Your DUMOS LED Bathroom Mirror features intuitive touch controls located on the mirror surface.

6.1 Anti-Fog Function

- **To Activate/Deactivate:** Short press the dedicated anti-fog touch button (usually marked with a fan or defog icon). The defogger will begin to clear the mirror surface.

Image: A user activating the one-click defogging function on the DUMOS LED Bathroom Mirror, showing a clear reflection despite steam.

6.2 Adjusting Color Temperature

- **To Change:** Short press the light icon touch button (usually marked with a light bulb). Each press will cycle through the three available color temperatures:
    - Warm White (3000K)
    - Natural White (4000K)
    - Cool White (6500K)

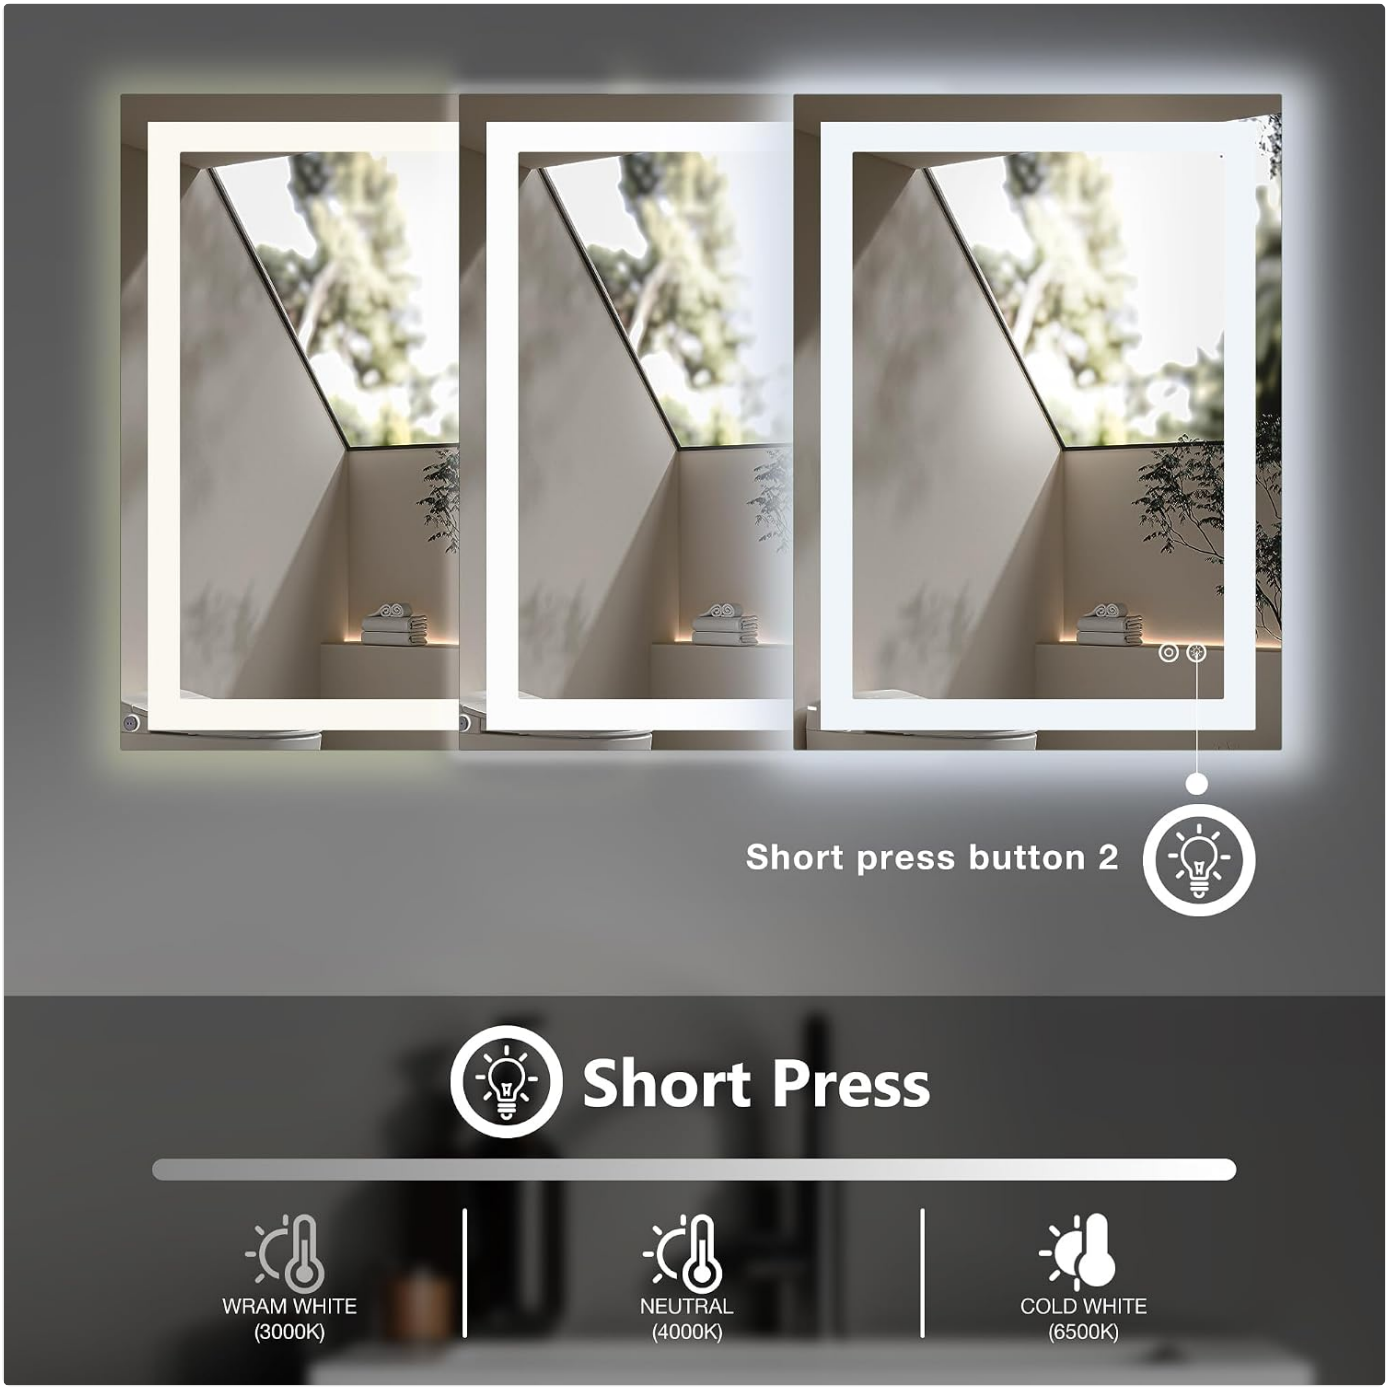

Image: Visual representation of the three color temperature settings (Warm, Neutral, Cold White) available on the DUMOS LED Bathroom Mirror.

6.3 Adjusting Brightness (Dimming)

- **To Dim/Brighten:** Long press the light icon touch button. The brightness will smoothly adjust from 20% to 100%. Release the button when the desired brightness level is reached.

6.4 Memory Function

- The mirror automatically remembers your last used brightness and color temperature settings. When you turn the mirror on, it will resume these settings.
- *Note:* The memory function may reset after a complete power outage.

Image: The DUMOS LED Bathroom Mirror highlighting its convenient restart feature, remembering the last settings without needing to reset every time.

7. Maintenance

To keep your DUMOS LED Bathroom Mirror in optimal condition:

- **Cleaning:** Use a soft, damp cloth with a mild glass cleaner. Do not use abrasive cleaners or harsh chemicals, as they may damage the mirror surface or frame.
- **Dusting:** Regularly dust the mirror and frame with a dry, soft cloth.
- **Electrical:** Ensure the power cord is not pinched or damaged. Do not attempt to repair any electrical components yourself.

8. Troubleshooting

Problem	Possible Cause	Solution
Mirror lights do not turn on.	No power supply; loose connection; faulty switch.	Check if the mirror is properly plugged in. Ensure the power outlet is functional. Check your circuit breaker. Contact customer support if the issue persists.
Anti-fog function is not working.	Anti-fog function not activated; electrical issue.	Ensure the anti-fog button has been pressed. Allow a few minutes for the defogger to warm up. If still not working, contact customer support.
Lights flicker or dim unexpectedly.	Unstable power supply; internal wiring issue.	Ensure the power supply is stable. Try plugging into a different outlet. If the problem continues, contact customer support.
