## Amazon Advertising API

### Developer Reference Guide

This PDF document has been retired. In order to provide you with the best experience and most recently updated documentation for the API, please visit the [Amazon Advertising API Developers Portal](#).

For any questions or comments about the new documentation website, please create a Service Desk ticket with your question so that we may help you resolve any problems you are experiencing.

Thank you, and we hope you enjoy using the new on-line documentation.

Best regards,

Amazon Advertising API Development Team
