OAKHAM HOME AFSC0003

OAKHAM HOME Fluted Cabinet Instruction Manual

Model: AFSC0003

Important Safety Information

Please read and understand all instructions before assembly and use. Keep this manual for future reference.

Weight Capacity

Ensure the cabinet is not overloaded. The top panel supports up to 100 lbs. Each interior shelf supports up to 25 lbs.

Anti-Tip Design

To prevent serious injury, this cabinet must be securely attached to the wall using the provided anti-tip hardware. Always install the anti-tip device according to the instructions.

Package Contents

Before beginning assembly, verify that all components listed in the installation kit are present and undamaged. The package includes:

- Cabinet panels (top, bottom, sides, back, doors)
- Adjustable shelves
- Golden handles
- Hinges and associated screws
- Anti-tip hardware
- Installation Kit (various fasteners and small parts)
- User Manual (this document)

If any parts are missing or damaged, contact customer support before proceeding with assembly.

Assembly Instructions

Assembly is designed to be straightforward. Each component is labeled with stickers, and the accompanying instructions provide detailed illustrations for every step. A Phillips screwdriver is required (not included).

General Steps:

1. **Unpack and Identify Parts:** Lay out all components and match them against the parts list in the included instruction booklet.
2. **Assemble the Frame:** Follow the numbered steps to connect the side, bottom, and back panels.
3. **Install Shelves:** Insert shelf pins into the desired height positions and place the adjustable shelves.
4. **Attach Doors:** Secure the hinges to the doors, then attach the doors to the cabinet frame.
5. **Install Handles:** Attach the golden handles to the cabinet doors.
6. **Secure Anti-Tip Device:** Fasten the anti-tip hardware to the cabinet and then to a wall stud.

Important Notes for Assembly:

- Do not use an electric screwdriver for all screws, especially for delicate connections, to avoid overtightening or damaging the wood. Some screws may require manual tightening.
- For door hinge installation, it is recommended to attach the doors before securing the top panel if possible, as this can simplify access to the inner hinge screws.

Product Features and Operation

Fluted Design

The cabinet features a distinctive fluted design with vertical indentations on the door surfaces, providing texture and visual interest. This design is complemented by golden handles.

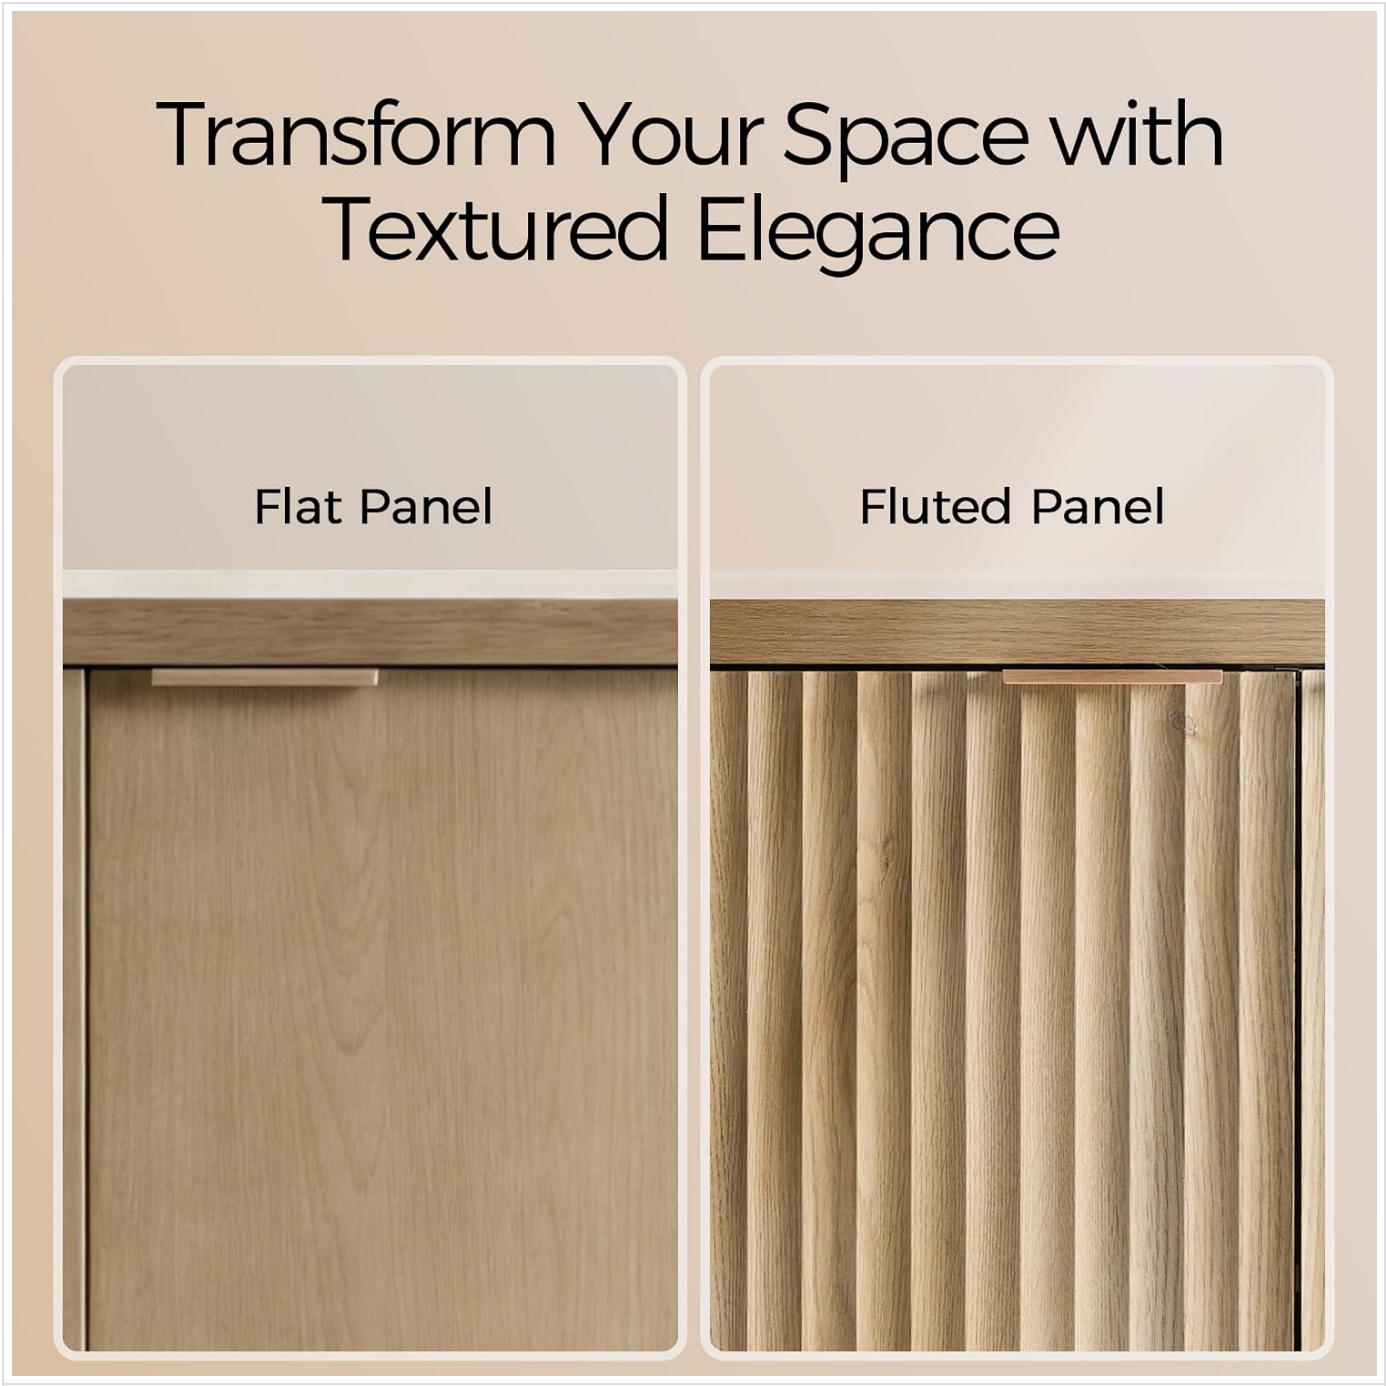

Image: Comparison of a flat panel versus the fluted panel design.

Adjustable Shelves

The interior of the cabinet includes adjustable shelves with three height options. Each height adjustment differs by approximately 2.7 inches, allowing for flexible storage configurations to accommodate various items.

Multifunctional Use

This cabinet is designed for versatile use in various rooms. It can function as a sideboard, buffet cabinet, media console, accent cabinet, or storage unit in living rooms, dining rooms, entryways, or home offices.

Care and Maintenance

The cabinet is constructed from engineered wood with a Golden Oak finish, designed for durability and ease of care.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** Promptly wipe up any spills to prevent moisture damage.
- **Sunlight:** Avoid prolonged exposure to direct sunlight to prevent fading or discoloration.
- **Heat:** Do not place hot items directly on the surface without protection.

Troubleshooting

Door Alignment Issues

If the cabinet doors appear misaligned after assembly, the hinges are adjustable. Most hinges allow for adjustments in multiple directions (up/down, left/right, in/out) using a screwdriver. Refer to the detailed hinge adjustment instructions in your assembly booklet to fine-tune the door positions.

Difficulty with Screws

Some screws, particularly those connecting panels, may be tight. Ensure you are using the correct size Phillips screwdriver. If a screw is exceptionally difficult to turn, apply firm, steady pressure while turning. Avoid excessive force to prevent stripping the screw head or damaging the wood.

Specifications

Feature	Detail
Brand	OAKHAM HOME
Model Number	AFSC0003
Color	Golden Oak
Material	Engineered Wood
Product Dimensions (D x W x H)	15.4" x 30.5" x 32.5"
Item Weight	61 Pounds
Number of Doors	2
Number of Adjustable Shelves	2 (3 height options)
Top Panel Weight Capacity	100 lbs
Shelf Weight Capacity	25 lbs per shelf
Assembly Required	Yes
Installation Type	Floor Mount

Warranty and Support

OAKHAM HOME products are designed for quality and durability. For specific warranty details, please refer to the documentation included with your purchase or visit the official OAKHAM HOME website.

For customer support, assistance with assembly, or to report missing/damaged parts, please contact OAKHAM HOME customer service through the retailer where the product was purchased or via the contact information provided on the OAKHAM HOME official website.

Please have your model number (AFSC0003) and purchase information ready when contacting support.
