E-Waste Disposal

Be a Responsible User. Recycle or refurbish your old Amazon brand products to help protect the environment. The crossed-out bin symbol on this product or its packaging signifies that this product should be discarded separately from ordinary household waste at its end of life. Be aware that it is your responsibility to dispose-off e-waste in such a manner that no damage to human health and environment occur. E-waste is generated from electronic and electrical appliances/components which have reached their end-of-life period or are no longer fit for their original intended use and are destined for recovery, recycling or disposal. E-waste when disposed or recycled improperly, can cause severe environmental pollution and adversely affect the human body as they contain toxic chemicals. Please ensure that the electronic products that are unwanted, not working, and nearing or at the end-of-life are disposed-off only through authorized

recycling or refurbishing points. Please contact your municipal waste management authority or your household waste disposal service for additional details. This product and the components there of confirm to the provisions of hazardous substances. Specified under Rule 16 (1) and Rule 16 (4) of E- waste (Management) Rules, 2022 [Chapter VII titled the Reduction in the Use of Hazardous Substances in the manufacture of electrical and electronic equipment and their components or consumables or parts or spares].
