## Caution

This product contains small items that could be a choking hazard if swallowed. Keep these items away from young children.

- Make sure to read and understand these instructions before attempting to operate this lock.

Step 1: Open dust covers and insert the key into the keyhole and turn clockwise.

Step 2: Remove the plate with the shackle from the side of the lock body.

**NOTICE** Key can not be removed when the lock is opened.

Step 3: Open all the folding plates and put them around the bike in a secure location.

Step 4: Insert the shackle into the lock body, turn the key counterclockwise to lock, and pull out the key. Close the dust cover on the keyhole.

Step 5: Screw type: Screw the bracket to the bike frame.

Step 6: Put the lock into the bracket and then tighten the belt.

Step 7: Velcro Strap type: Open the velcro strap and put the woven nylon side. Put the Velcro strap around the bike frame.

Step 8: Tighten the velcro straps on the bike frame. Put the lock into the bracket and then tighten the belt.
