Garvee Queen Boucle Upholstered Bed Frame Instruction Manual

Model: ZYGVT-33JN-Q-PK-VFmBL2-V9zzw
Brand: Garvee

Introduction

This instruction manual provides comprehensive guidance for the assembly, safe operation, routine maintenance, and troubleshooting of your Garvee Queen Boucle Upholstered Bed Frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Setup and Assembly

The Garvee Queen Boucle Upholstered Bed Frame is designed for straightforward assembly. Ensure all components are present before starting. Two people are recommended for assembly.

Required Tools:

- Hex Key (usually included)
- Phillips Head Screwdriver (not always included, may be needed for some fasteners)

Assembly Steps:

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface to prevent scratches. Verify all parts are present against the included parts list.
2. **Attach Side Rails to Headboard:** Connect the side rails to the headboard using the provided bolts and hex key. Do not fully tighten bolts until all connections are made.
3. **Attach Side Rails to Footboard:** Connect the opposite ends of the side rails to the footboard, securing with bolts.
4. **Install Center Support Beam:** Place the center support beam(s) into the designated slots or brackets along the length of the bed frame. Secure with fasteners as instructed.
5. **Place Wooden Slats:** Lay the wooden slats across the bed frame, ensuring even spacing. Many slats feature a Velcro design for secure, non-slip placement.
6. **Final Tightening:** Once all components are in place and aligned, fully tighten all bolts and fasteners. Do not overtighten.
7. **Position Bed Frame:** Carefully move the assembled bed frame to its desired location.

Operating Instructions

The Garvee Queen Boucle Upholstered Bed Frame is designed to support a queen-sized mattress without the need for a box spring. Its low-profile design is suitable for various users.

Mattress Placement:

- Carefully place your queen-sized mattress directly onto the wooden slats.
- Ensure the mattress is centered and evenly distributed across the frame.
- The non-slip design of the slats helps keep the mattress securely in place.

Weight Capacity:

The bed frame is constructed with a heavy-duty wooden frame and thick support slats to provide stable support. Refer to the specifications section for the maximum recommended weight capacity.

Maintenance and Care

Proper care will extend the life and maintain the appearance of your Garvee bed frame.

Fabric Care (Boucle Upholstery):

- **Regular Cleaning:** Gently vacuum the boucle fabric upholstery with a brush attachment to remove dust and debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild fabric cleaner specifically designed for upholstery. Test on an inconspicuous area first. Avoid harsh chemicals.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading.

Frame Care (Wooden Slats and Structure):

- **Wipe Down:** Periodically wipe wooden components with a soft, damp cloth. Dry immediately.
- **Check Fasteners:** Every 3-6 months, check all bolts and screws to ensure they are tight. Retighten if necessary to maintain stability and prevent noise.

- **Avoid Excessive Moisture:** Protect the wooden frame from excessive moisture.

Troubleshooting

This section addresses common issues you might encounter with your bed frame.

Squeaking Noises:

- **Check Fasteners:** The most common cause of squeaking is loose bolts. Retighten all assembly bolts, ensuring they are snug but not overtightened.
- **Slat Placement:** Ensure all wooden slats are properly seated and evenly spaced. The noise-reducing pads and Velcro on the slats are designed to minimize movement.
- **Floor Surface:** Uneven flooring can sometimes cause the frame to shift and squeak. Consider placing felt pads under the bed legs if your floor is uneven.

Mattress Sliding:

- **Slat Condition:** Verify that the non-slip features (e.g., Velcro strips) on the slats are intact and making proper contact with the mattress.
- **Mattress Type:** Some mattress materials may be more prone to sliding. A non-slip mattress pad can be placed between the mattress and slats if needed.

Instability/Wobbling:

- **Re-tighten All Bolts:** Ensure all connection points are securely fastened.
- **Even Surface:** Confirm the bed frame is on a flat, level surface.
- **Correct Assembly:** Double-check that all parts were assembled according to the instructions.

Product Specifications

Image: Detailed product dimensions for the Queen size bed frame.

Model Number	ZYGVT-33JN-Q-PK-VFmBL2-V9zzw

Size	Queen (U.S. Standard)
Product Dimensions (L x W x H)	84.65" x 62.01" x 37.8"
Material	Wood, Boucle Fabric Upholstery
Color	Pink
Special Features	Upholstered Headboard, Wooden Slat Support, Noise-Free Design, Non-Slip, No Box Spring Needed
Assembly Required	Yes
Item Weight	82.23 Pounds
GTIN / UPC	881206244524

Warranty and Return Policy

This product is subject to the retailer's standard return policy. For specific details regarding returns or exchanges, please refer to the purchase platform or your order documentation.

- **Return Policy:** Typically, a 30-day return window is offered from the date of purchase for refund or replacement, subject to the retailer's terms and conditions.
- **Protection Plans:** Extended protection plans may be available for purchase separately through the retailer. These plans offer additional coverage beyond the standard return period.

Customer Support

For further assistance, missing parts, or inquiries not covered in this manual, please contact Garvee customer support through the retailer where the product was purchased.

- **Online Support:** Visit the official Garvee store page on the retailer's website for contact information or FAQs.Garvee Store on Amazon
- **Order Information:** Have your order number and product model number (ZYGVT-33JN-Q-PK-VFmBL2-V9zzw) ready when contacting support.
