## 5. Maintenance and Care

To ensure the longevity and appearance of your GarveeLife recliner, follow these care guidelines:

- **Cleaning Fabric:** The chair is upholstered in corduroy fabric. For spills, blot immediately with a clean, dry cloth. For general cleaning, use a mild soap solution and a damp cloth to spot clean. Avoid harsh chemicals, abrasive cleaners, or excessive moisture.
- **Frame and Mechanism:** Periodically check all screws and bolts to ensure they are tight. Tighten if necessary. Do not lubricate the reclining mechanism unless specifically instructed by the manufacturer.
- **Placement:** Avoid placing the chair in direct sunlight or near heat sources, as this can cause fading or damage to the fabric and frame.
- **Pet-Friendly:** While the fabric is designed to be durable, regular vacuuming can help remove pet hair and dander.
