Garvee GVTJJ-36CC-260714

Garvee California King Platform Bed Frame with Fluted Design - Instruction Manual

Model: GVTJJ-36CC-260714

Introduction

Thank you for choosing the Garvee California King Platform Bed Frame. This low-profile, minimalist bed base features a distinctive fluted design, engineered wood construction, and noise-free support, eliminating the need for a box spring. This manual provides essential information for safe assembly, operation, and maintenance of your new bed frame.

Safety Guidelines

- Read all instructions carefully before assembly and use.
- Keep all small parts and packaging materials away from children and pets to prevent choking hazards.
- Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not stand on the bed frame or use it as a ladder.
- Distribute weight evenly across the bed frame. The maximum weight recommendation is 1200 pounds.
- Use the bed frame on a flat, level surface to ensure stability.

Package Contents

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Bed frame components
- Assembly tools
- Instruction manual

Assembly Instructions

The Garvee bed frame is designed for quick and hassle-free assembly. It is recommended to have two people for assembly. Please follow the included step-by-step guide for optimal results. Assembly typically takes 40-60 minutes.

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Identify all parts according to the parts list in the separate assembly guide.
3. Follow the numerical sequence of steps provided in the assembly guide, using the supplied tools.
4. Ensure all connections are firm and secure before proceeding to the next step.
5. Once assembled, double-check all bolts and screws for tightness.

Operating Instructions

This platform bed frame is designed to support your mattress directly, eliminating the need for a box spring. Its recessed platform design helps keep your mattress securely in place.

- Place your California King mattress directly onto the assembled bed frame.
- The recessed edges of the platform will prevent the mattress from sliding.
- Recommended mattress thickness is between 8 to 16 inches for optimal aesthetic and comfort.

Care and Maintenance

- **Cleaning:** Wipe the bed frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, as they may damage the finish.
- **Dusting:** Regularly dust the fluted panels and other surfaces with a dry, soft cloth.
- **Inspection:** Periodically check all bolts and connections to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent noise.
- **Placement:** Avoid placing the bed frame in direct sunlight or near heat sources, which can cause material degradation.

Troubleshooting

Problem	Possible Cause	Solution
Bed frame is wobbly or unstable.	Loose bolts or uneven floor.	Ensure all bolts are securely tightened. Move the bed frame to a level surface or use shims if the floor is uneven.
Squeaking noises.	Loose connections or friction between parts.	Re-tighten all assembly bolts. The bed frame includes sound-absorbing foam pads, but ensure they are correctly positioned.
Mattress slides on the frame.	Mattress not properly seated or incorrect size.	Ensure the mattress is fully seated within the recessed platform. Verify that the mattress size matches the California King bed frame.

Product Specifications

Feature	Detail
Size	California King
