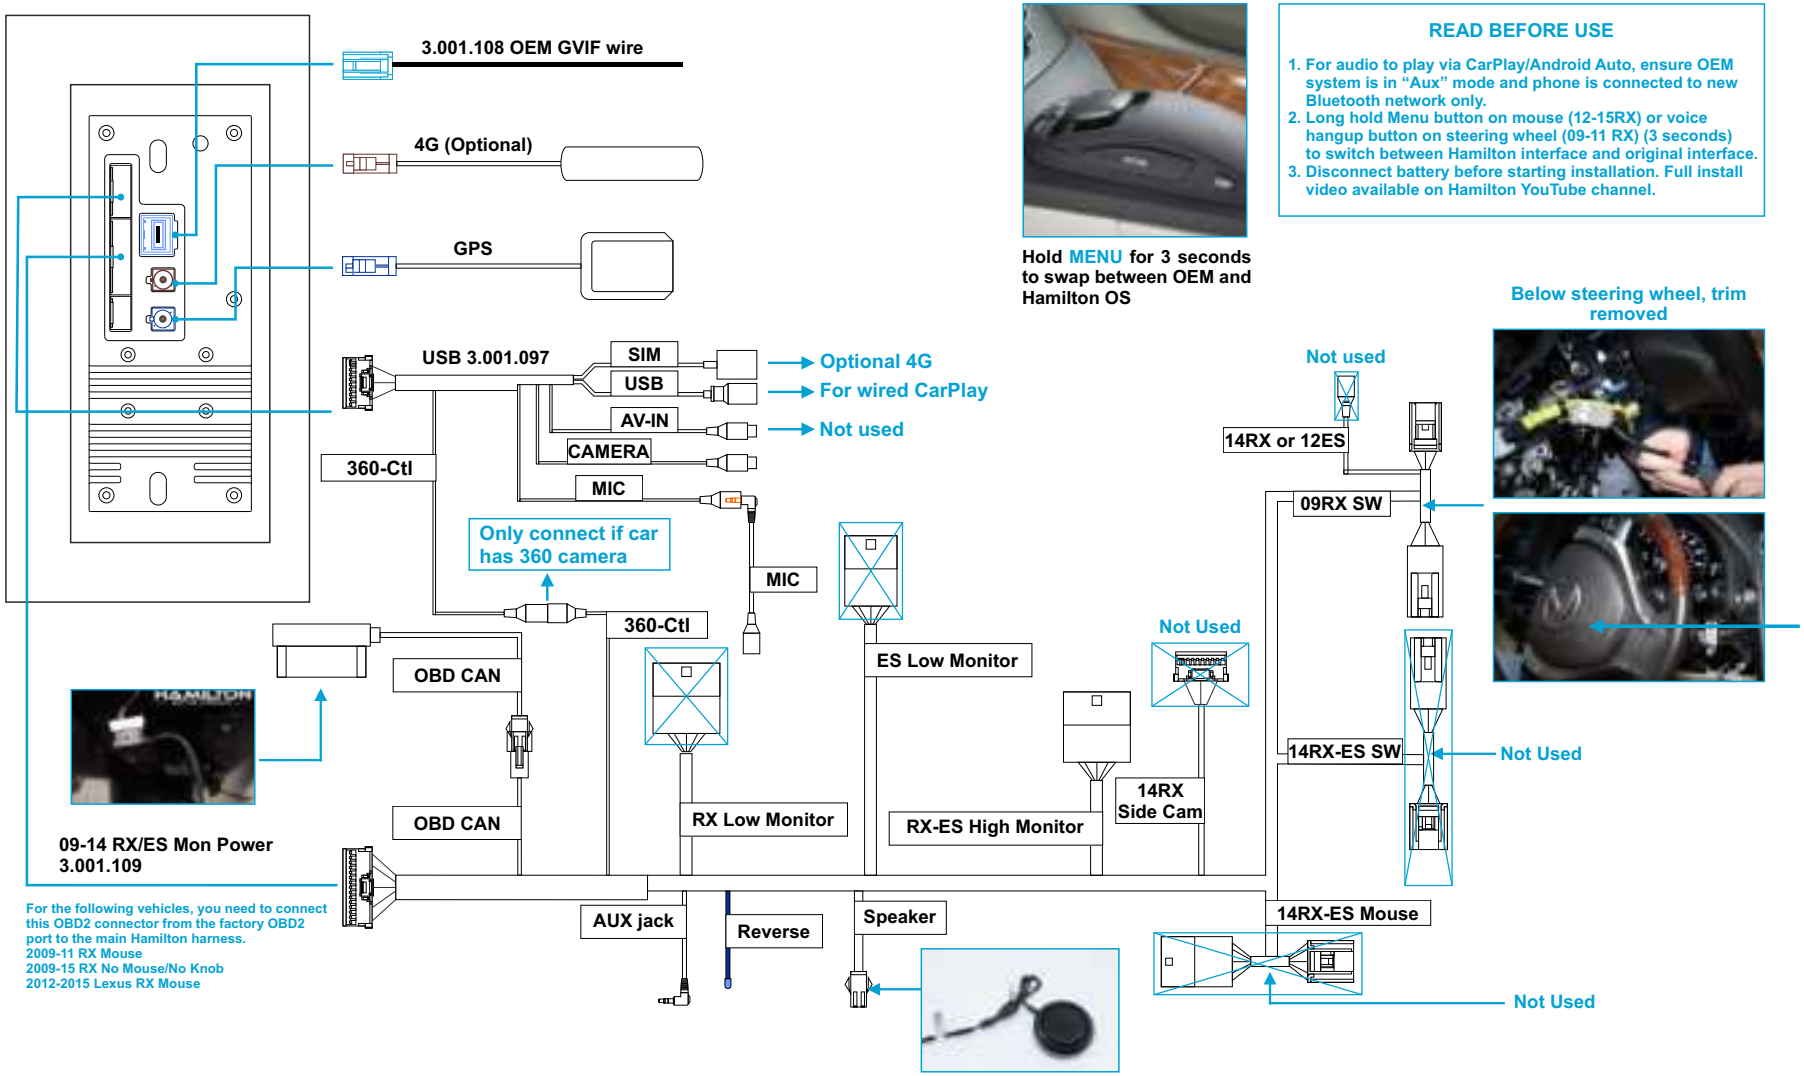
2009-11 LEXUS RX - MOUSE WIRING DIAGRAM

HAMILTON MOTOR COMPANY



Hold MENU for 3 seconds to swap between OEM and Hamilton OS

For the following vehicles, you need to connect this OBD2 connector from the factory OBD2 port to the main Hamilton harness.
2009-11 RX Mouse
2009-15 RX No Mouse/No Knob
2012-2015 Lexus RX Mouse

READ BEFORE USE

1. For audio to play via CarPlay/Android Auto, ensure OEM system is in "Aux" mode and phone is connected to new Bluetooth network only.
2. Long hold Menu button on mouse (12-15RX) or voice hangup button on steering wheel (09-11 RX) (3 seconds) to switch between Hamilton interface and original interface.
3. Disconnect battery before starting installation. Full install video available on Hamilton YouTube channel.
