Effects and principles

- **Light:** Fully suitable (magnet working, and Alignment)
- **Electrical:** Fully suitable (magnet working, and Alignment)
- **Electromagnetic:** Fully suitable (magnet working, and Alignment)
- **Electromagnetic (high or Strength Field):** Fully suitable (magnet working, and Alignment)
- **Electromagnetic (Pulsed):** Fully suitable (magnet working, and Alignment)
- **Mechanical:** Fully suitable (magnet working, and Alignment)
- **Thermal:** Fully suitable (magnet working, and Alignment)

FAQs

- Q: Is the Vraiko Lily suitable (magnet working, and Alignment)?
- A: Yes, the Vraiko Lily is suitable (magnet working, and Alignment) in all of the following conditions: Light, Electrical, Electromagnetic, Electromagnetic (high or Strength Field), Electromagnetic (Pulsed), Mechanical, Thermal.
- Q: Is the Vraiko Lily suitable (magnet working, and Alignment) in a MRI machine?
- A: Yes, the Vraiko Lily is suitable (magnet working, and Alignment) in a MRI machine.
- Q: Is the Vraiko Lily suitable (magnet working, and Alignment) in a CT machine?
- A: Yes, the Vraiko Lily is suitable (magnet working, and Alignment) in a CT machine.
- Q: Is the Vraiko Lily suitable (magnet working, and Alignment) in a PET machine?
- A: Yes, the Vraiko Lily is suitable (magnet working, and Alignment) in a PET machine.
- Q: Is the Vraiko Lily suitable (magnet working, and Alignment) in a SPECT machine?
- A: Yes, the Vraiko Lily is suitable (magnet working, and Alignment) in a SPECT machine.
- Q: Is the Vraiko Lily suitable (magnet working, and Alignment) in a Ultrasound machine?
- A: Yes, the Vraiko Lily is suitable (magnet working, and Alignment) in a Ultrasound machine.
- Q: Is the Vraiko Lily suitable (magnet working, and Alignment) in a Radiotherapy machine?
- A: Yes, the Vraiko Lily is suitable (magnet working, and Alignment) in a Radiotherapy machine.
- Q: Is the Vraiko Lily suitable (magnet working, and Alignment) in a Mammography machine?
- A: Yes, the Vraiko Lily is suitable (magnet working, and Alignment) in a Mammography machine.
- Q: Is the Vraiko Lily suitable (magnet working, and Alignment) in a Fluoroscopy machine?
- A: Yes, the Vraiko Lily is suitable (magnet working, and Alignment) in a Fluoroscopy machine.
- Q: Is the Vraiko Lily suitable (magnet working, and Alignment) in a Angiography machine?
- A: Yes, the Vraiko Lily is suitable (magnet working, and Alignment) in a Angiography machine.
- Q: Is the Vraiko Lily suitable (magnet working, and Alignment) in a Dental machine?
- A: Yes, the Vraiko Lily is suitable (magnet working, and Alignment) in a Dental machine.
- Q: Is the Vraiko Lily suitable (magnet working, and Alignment) in a Endoscopy machine?
- A: Yes, the Vraiko Lily is suitable (magnet working, and Alignment) in a Endoscopy machine.
- Q: Is the Vraiko Lily suitable (magnet working, and Alignment) in a Laser machine?
- A: Yes, the Vraiko Lily is suitable (magnet working, and Alignment) in a Laser machine.
- Q: Is the Vraiko Lily suitable (magnet working, and Alignment) in a Ultrasound machine?
- A: Yes, the Vraiko Lily is suitable (magnet working, and Alignment) in a Ultrasound machine.
- Q: Is the Vraiko Lily suitable (magnet working, and Alignment) in a Radiotherapy machine?
- A: Yes, the Vraiko Lily is suitable (magnet working, and Alignment) in a Radiotherapy machine.
- Q: Is the Vraiko Lily suitable (magnet working, and Alignment) in a Mammography machine?
- A: Yes, the Vraiko Lily is suitable (magnet working, and Alignment) in a Mammography machine.
- Q: Is the Vraiko Lily suitable (magnet working, and Alignment) in a Fluoroscopy machine?
- A: Yes, the Vraiko Lily is suitable (magnet working, and Alignment) in a Fluoroscopy machine.
- Q: Is the Vraiko Lily suitable (magnet working, and Alignment) in a Angiography machine?
- A: Yes, the Vraiko Lily is suitable (magnet working, and Alignment) in a Angiography machine.
- Q: Is the Vraiko Lily suitable (magnet working, and Alignment) in a Dental machine?
- A: Yes, the Vraiko Lily is suitable (magnet working, and Alignment) in a Dental machine.
- Q: Is the Vraiko Lily suitable (magnet working, and Alignment) in a Endoscopy machine?
- A: Yes, the Vraiko Lily is suitable (magnet working, and Alignment) in a Endoscopy machine.
- Q: Is the Vraiko Lily suitable (magnet working, and Alignment) in a Laser machine?
- A: Yes, the Vraiko Lily is suitable (magnet working, and Alignment) in a Laser machine.

Cleaning & Maintenance

- Clean your Vraiko Lily with a damp cloth.
- Do not immerse the Vraiko Lily in water.
- Do not use any cleaning products on the Vraiko Lily.
- Do not sterilize the Vraiko Lily.
- Do not place the Vraiko Lily in a microwave oven.
- Do not place the Vraiko Lily in a dishwasher.
- Do not place the Vraiko Lily in a tumble dryer.
- Do not place the Vraiko Lily in a washing machine.
- Do not place the Vraiko Lily in a pressure cooker.
- Do not place the Vraiko Lily in a steam cleaner.
- Do not place the Vraiko Lily in a sterilisation machine.
- Do not place the Vraiko Lily in a sterilisation bag.
- Do not place the Vraiko Lily in a sterilisation solution.
- Do not place the Vraiko Lily in a sterilisation tank.
- Do not place the Vraiko Lily in a sterilisation cabinet.
- Do not place the Vraiko Lily in a sterilisation chamber
