    - 53 g / 1.9 oz

Safety

1. Avoid dropping.
2. Do not disassemble.
3. Do not expose to liquids.
4. For the safest and fastest charge, use original or certified cables.
5. This product is suitable for moderate climates only.
6. The maximum ambient temperature during use of this product must not exceed 40°C.
7. Open flame sources, such as candles, must not be placed on this product.
8. Only use a dry cloth or brush to clean this product.

GB Declaration of Conformity

- Hereby, Anker Innovations Limited declares that the product type A8338 is in compliance with the following Directives:
- The Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment Regulations 2012
- Electromagnetic Compatibility Regulations 2016
    - The full text of the GB declaration of conformity is available at the following internet address
    - **https://www.anker.com**
    - Anker Technology (UK) Limited
    - GNR8, 49 Clarendon Road, Watford, Hertfordshire, WD17 1HP, United Kingdom

FCC Statement
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

- If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures
    - Reorient or relocate the receiving antenna
    - Increase the separation between the equipment and receiver.
    - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
    - Consult the dealer or an experienced radio/TV technician for help.

The following importer is the responsible party.

- **Company Name:** Fantasia Trading LLC
- **Address:** 9155 Archibald Avenue, Suite 202, Rancho Cucamonga, CA, 91730, US
- **Telephone:** +1 (909) 484 1530

IC Statement

- This device complies with Industry Canada license-ICES-003. Operation is subject to the following two conditions

1. This device may not cause interference, and

2. This device must accept any interference, including interference that may cause undesired operation of the device.

This digital apparatus complies with CAN ICES-3(B)/NMB-3(B).

Declaration of Conformity

- Hereby, Anker Innovations Limited declares that the product type A8338 is in compliance with Directive 2014/30 /EU. The full text of the EU declaration of conformity is available at the following internet address
