### anslut 004677 Ceiling Lamp

### SAFETY INSTRUCTIONS

- Only intended for indoor use.

- Keep out of the reach of children.
- Do not connect the light to the mains while it is still in the pack.
- Check that all the electrical and connecting cables comply with local regulations and are connected in accordance with the instructions.
- Do not overload the mains. This can cause a fire or the risk of electric shock.
- Do not store the light in a damp or very cold/hot place to avoid damaging the electronics.
- The electronics in the light are sensitive to knocks and blows. Avoid dropping it.
- Never attempt to replace damaged electrical cables yourself.
- Do not use the light without the glass.

### WARNING!

New installations and extensions to existing systems must always be carried out by an authorized electrician. If you know how (otherwise contact an electrician), you can replace switches and power points, fit plugs, extension cords and sockets. Incorrect installation can result in fatal injury and the risk of fire.

### Symbols

	Approved as per applicable directives.
	Class II. Double insulation.
	Protection rating IP44.

**Warning:** Risk of electric shock.

### TECHNICAL DATA

- **Rated voltage:** 230 V ~ 50 Hz
- **Output:** Max60W
- **Socket:** E27
- **Safety class:** 11
- **Protection rating:** I P44
- **For light sources with energy class:** A++ to D
- **Dimensions:** (/J 30 x 7.5 cm

### DESCRIPTION

1. Plug
2. Ceiling light
