USE

FUNCTIONS

Designation	Description
15M	Countdown 15 minutes
30M	Countdown 30 minutes
60M	Countdown 60 minutes
2H	Countdown 2 hours
4H	Countdown 4 hours
6H	Countdown 6 hours
ON/OFF	Manual on/off
R	Reset

HOW TO USE

1. Plug the appliance into the timer.
2. Check that the timer is switched off and plug the timer into a power point
3. Start the connected appliance.
4. Press the button on the timer for the required countdown period
5. The connected appliance starts and then switches off when the set time has counted down 6 Press the switch to start/stop the connected appliance manually. The switch cancels the countdown mode
6. Pressing the switch when the timer is in countdown mode cuts the power to the connected appliance until the switch is pressed again.
7. Pressing a button for another countdown period during a countdown stops the countdown and the new countdown starts.

NOTE:

- A new setting must be made when the set time has been counted down. The last setting is not repeated automatically.

- The status light flashes to show an active countdown setting.

DIGITAL SAFETYTIMER
