anslut 006250 Portable Dimmer

Important

Read the user instructions carefully before use. Save them for future reference. Julia reserves the right to make changes. For latest version of operating instructions, see www.jula.com

SAFETY INSTRUCTIONS

1. For indoor use only.
2. Do not connect two or more dimmers together.
3. Always check that the plug on the connected appliance is fully inserted into the socket on the dimmer.
4. If the dimmer needs cleaning, unplug it from the mains and wipe it with a dry cloth.
5. Do not immerse the dimmer in water or any other liquid.
6. Do not connect heaters and other similar equipment to the dimmer.
7. Check that the appliance to be controlled is switched off before plugging it into the dimmer.

SYMBOLS

- Read the instructions.
- Approved in accordance with the relevant directives.
- Recycle discarded products in accordance with local regulations.

TECHNICAL DATA

- **Rated voltage** 230 V ~ 50 Hz
- **Max load** 3-24 W/3-200 W

- **Protection rating** IP20

USE

1. Check that the light and dimmer are switched off before plugging in the plug. Switch off the dimmer by turning the knob anticlockwise until it clicks.
2. Plug the dimmer into a PowerPoint.
3. Put the light to be controlled in the socket on the dimmer.
4. Turn the knob clockwise to switch on the light and dim.
