How to use Alexa for your Air Conditioner?

There are two ways you can operate your Air Conditioner using Alexa:

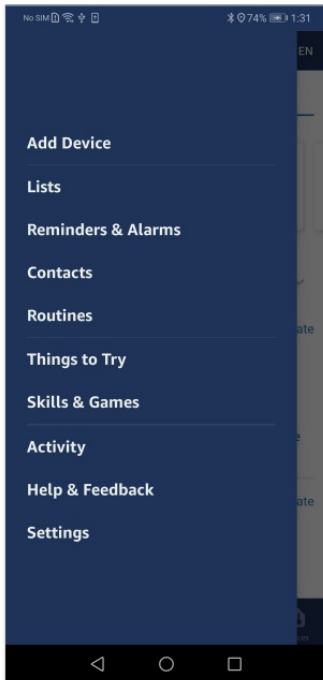

1. First way is to, open the communication session with Alexa by saying: “Alexa, open airCloud”.
If you have given specific name called “living room” to your Air Conditioner in your air Cloud Home App. Then say,
 “Turn ON living room”
 “Switch ON living room”
 “Turn ON living room in cool mode”
2. Second way is first to use phrase “Alexa, ask/open air Cloud to” and give specific commands like, If you have given specific name called “living room” to your Air Conditioner in your air Cloud Home App. Then say,
 “Alexa, ask/open air Cloud to Turn ON living room”
 “Alexa, ask/open air Cloud to Switch ON living room”
 “Alexa, ask/open air Cloud to Turn ON living room in cool mode”

Note:

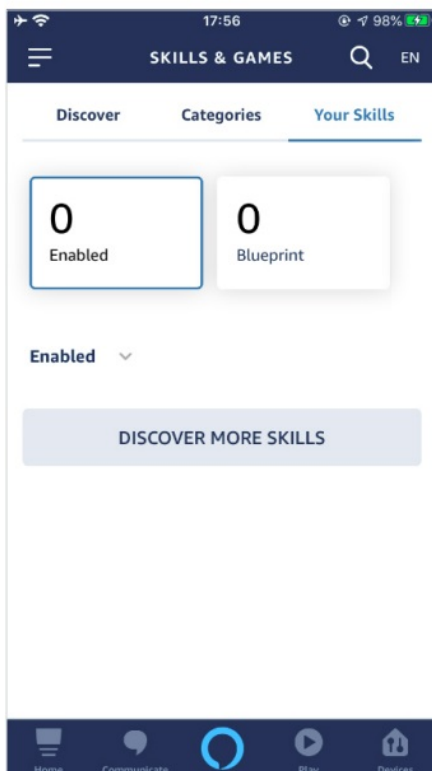

- For more information on how to operate Alexa please visit [Help](#).
