Control via app

Functions such as radiator cleaning, settings, system check, and many more can be performed easily via the Cleanfix control app.

Downloading the app

1. Open the app store on your mobile device.
2. Search for Cleanfix control app in the app store.
3. Download the Cleanfix control app.
4. Open the Cleanfix control app.

So that the app can access certain functions on your mobile device, you must accept the permissions.

5. Follow the instructions on your mobile device.

The current version of the operating instructions and other information are available at <https://cleanfix.org/instructions> or in the Cleanfix control app.

Pairing the device

1. Tap the E button to open the menu.
2. Select [Devices].

For subsequent steps, the device must be turned on.

- If necessary, turn on the ignition.
3. Swipe downward to start the search for devices.
 4. Select the relevant device.
 5. Enter the PIN.

The PIN consists of the last six digits of the device serial number.

If the device is already installed and inaccessible at the time of delivery, it may help to enter the PIN in advance here.

6. Tap [Pairing] to confirm.
7. Follow the next steps.
