Apps CommandIQ App

Setting up your Wi-fi and App

1. Download the app. You can search either the Apple App Store or Google Play Store for CommandIQ, then install it on your mobile device.

2. Select "SIGN UP" towards the bottom of the Screen.

The image shows a mobile application login screen for 'CommandQ'. At the top left is a back arrow icon. The title 'CommandQ™ Login' is displayed in a large, bold font. To the right of the title is a line-art illustration of a two-story house with a chimney and a garage. Below the title, there are three input fields: 'Email' with the placeholder text 'jessie@smiths224@gmail.com', 'Password' with masked characters '*****' and a toggle icon, and 'Forgot password?'. A large blue 'SUBMIT' button is centered below the input fields. At the bottom, there is a link that says 'If you have an account, SIGN IN!'.

If you have an account, SIGN IN!

3. Enter your personal information. The password you enter here will be used to access the app.

The image shows a mobile application registration screen. At the top, there is a back arrow icon and the title "Registration". Below the title is the "CommandIQ" logo, which includes a line-art illustration of a two-story house with a chimney and trees. The registration form consists of several input fields: "First Name", "Last Name", and "Email id", each followed by a horizontal line for text entry. Below these are two password fields: "Enter the new Password" and "Confirm the Password". Each password field contains a series of dots for masking and a small eye icon to toggle visibility. At the bottom of the form is a large blue button with the word "SUBMIT" in white capital letters.

Note: Please wait at least 10 minutes after your GigaSpire has been tuned up' before attempting step 4.

4. Tap the QR code that appears within the app. (You will be asked to allow the app to access your camera.) Point your camera at the QR Code found at the bottom of your GigaSpire, or on the sticker that came in your box (example shown below)

Default Settings

SSID: CXNK001870CD
ONU MAC: 000631B41844
Security Type: WPA2.AES
WPA Key: 84f1415608b2cb13
IP Address: 192.168.1.1
User/Password: admin/3f7b1e66
