MusicFlow App Installation Guide

The MusicFlow app is a player app that can be installed on Android phones. Follow the steps below to install the app:

1. Download the latest version of the MusicFlow app from the website.
2. Unzip the downloaded file to get the MusicFlow_v1.9.94.apk file.
3. Connect your Android phone to your PC using a USB C Type cable.
4. Set the file transfer option on your Android phone.
5. Copy the decompressed apk file to your phone.
6. On your phone, navigate to the folder where you copied the MusicFlow_v1.9.94.apk file.
7. Click on the apk file to start the installation process.
8. Wait for the installation process to complete.

If you encounter any issues during installation, please follow the troubleshooting steps below:
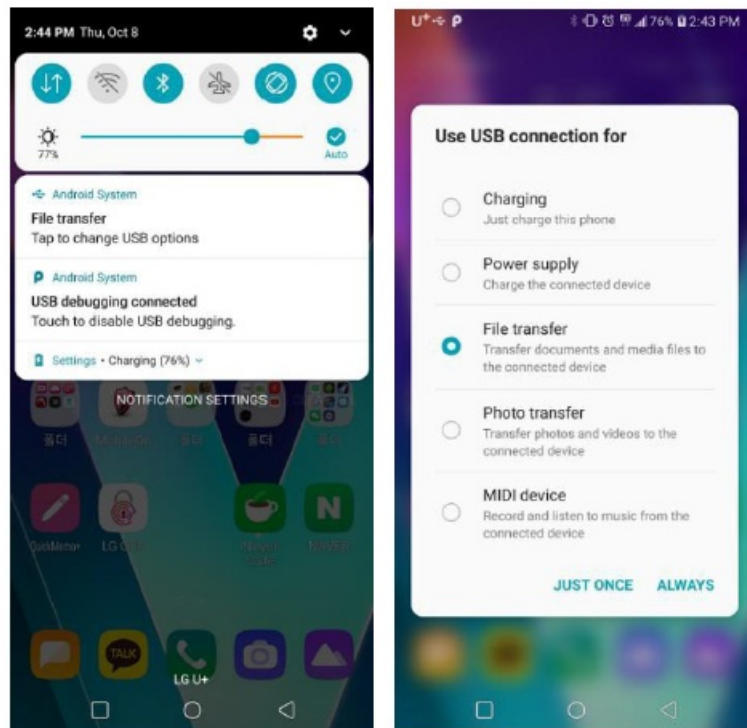

Troubleshooting

If you are unable to install the app, please check your settings and make sure that they are as follows:

- Ensure that your phone is connected to a stable internet connection.
- Check that you have enough storage space on your phone to install the app.
- Make sure that your phone is set to allow installations from unknown sources.
