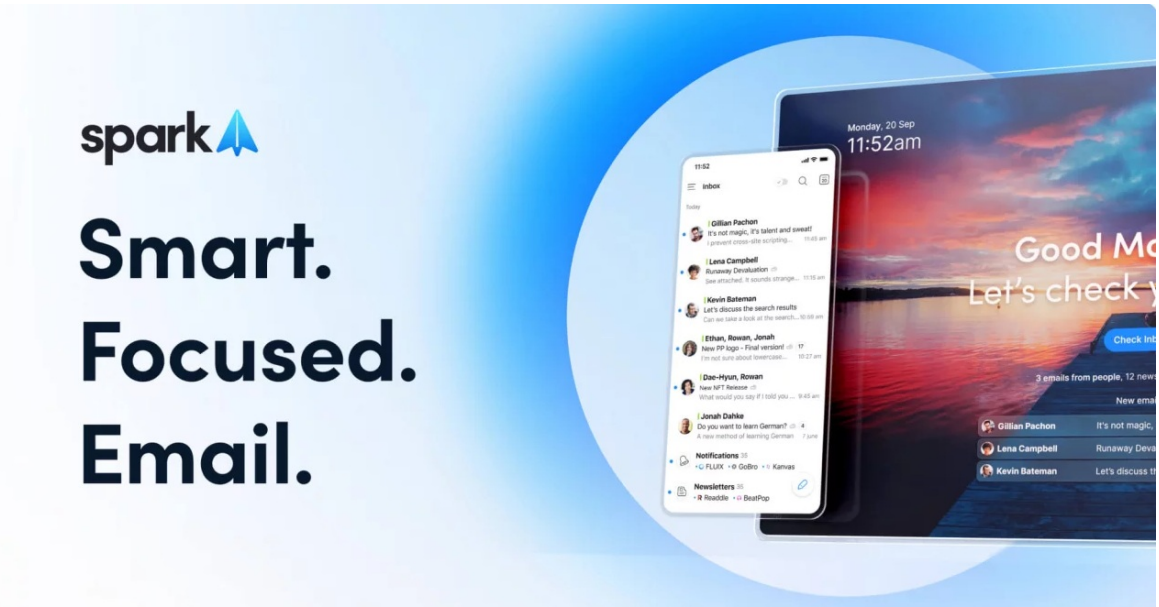
Apps SPARK App



Installation & Connection

Install the SPARK App

• For Android phones and tablets download the SPARK App from Go ogle Play Store. For iPhones and i Pads download the SPARK App fro m the App Store.		• Open the SPARK App.

Login to the SPARK App and select a vehicle

Read the login details from your email. If you don't have login details yet, or you've forgotten them, contact your Carrier administrator.

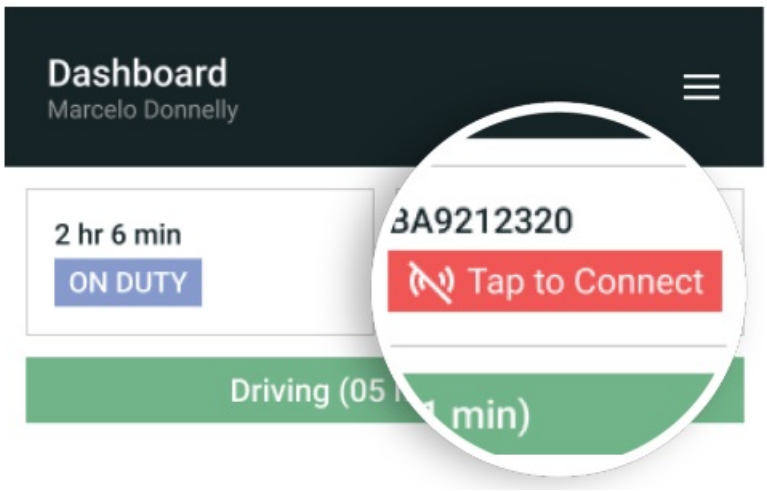
- Enter your login details and tap LOG IN, you will be prompted to the Terms and Conditions page.
- Read the Terms and Conditions and tap AGREE
- Select your vehicle from the list, or search for one.
- Tap ACCEPT, you will be prompted to the Settings page where you can review and edit settings details.
- Tap SAVE

Connect your mobile device to the SPARK device

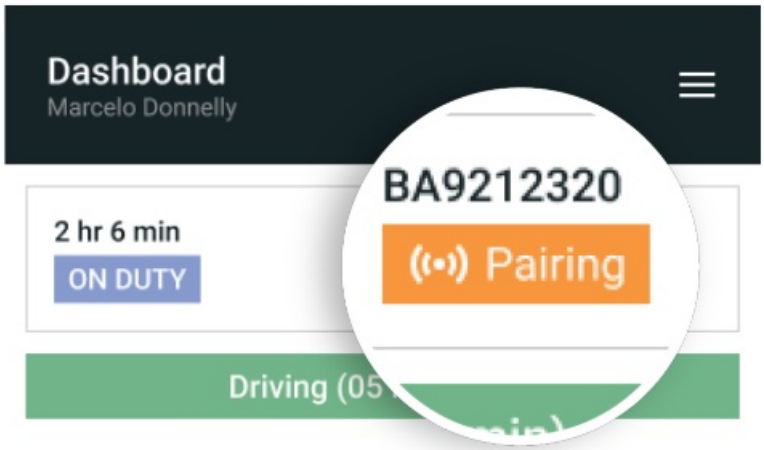
Dashboard View

After successfully login & vehicle selection, the Dashboard page is open.

- Use Tap to Connect bar to connect to your vehicle. The device will attempt to connect to selected vehicle ELD via Bluetooth.



- ELD bar will change from red to orange: Pairing



- An icon (M) will appear in connection bar upon successful connection.
