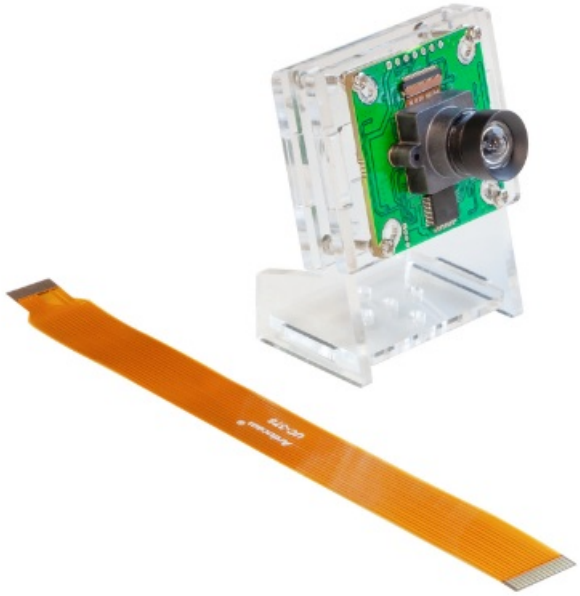
ArduCAM B0353 Color Global Shutter Camera Module



Product Information

The product SKU is B0353 and it is an assembly kit. The kit contains metal parts that need to be assembled. The manufacturer of the product is UC 376. For any problems or queries related to the product, customers can contact the manufacturer via their website **www.uctronics.com** or email at **support@uctronics.com**.

Product Usage Instructions

1. Unpack the kit and check if all the parts are present as per the packing list.
2. Refer to the assembly guide provided with the product.
3. Begin assembling the product by following the step-by-step instructions provided in the assembly guide.
4. Ensure that all the metal parts are securely fastened and in their correct positions.
5. Once assembly is complete, check the product for any loose or misaligned parts.
6. The assembled product can now be used as per its intended purpose.
