arvig MaX UC for Desktop

INTRODUCTIONS

1. Browse to: <https://arvig.net/hostedpbx>
2. Click STANDARD USER LOGIN.

3. Enter in your 10-digit phone number and the temporary password. The temporary password will be given to

you from your Systems Administrator or an Arvig employee. You will IMMEDIATELY be prompted to change your password before moving on to Step 4.

4. Click Downloads in the bottom right.

5. Click On your Computer...

6. Click MaX UC.

7. Click either Windows or Mac depending on your operating system.

8. You will find the .exe file in the tool bar.

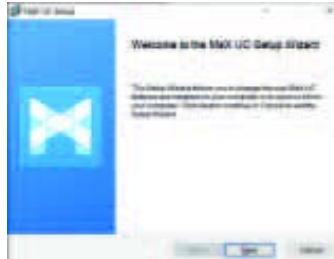

9. Click Run.

10. Click Next.

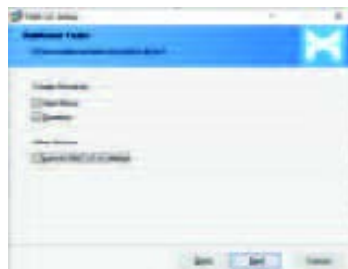

11. Click Next.

12. Click Next.

13. Click Install.

14. Click Finish.

15. Click Log in manually.

16. Select Arvigo Communications.

17. Enter your 10-digit phone number (no spaces) and password again (provided earlier in step 3 by your System Administrator or an Arvigo employee).

18. Review the terms and click Accept.

You are now ready to use your MaX UC for your desktop.
