Danmarks Fauna: Illustrated Handbooks on Danish Animal Life, Volume 47

Billier, XI. Sandspingere og Løbebiller [Cicindelidae og Carabidae] (Danish Edition)

1. INTRODUCTION TO THIS EDITION

This volume is a reproduction of a significant work originally published before 1923. It is part of a series dedicated to illustrating and documenting the Danish animal kingdom. This specific volume, Bd.47, focuses on beetles, particularly Tiger Beetles (Cicindelidae) and Ground Beetles (Carabidae).

As a historical reproduction, this book aims to preserve and make accessible culturally important works. The content is presented in its original Danish language.

2. ABOUT THE REPRODUCTION PROCESS

This reproduction has been created from an original artifact. Due to the age and condition of the source material, the reproduced book may exhibit certain characteristics inherent to the original or introduced during the scanning process. These may include, but are not limited to, occasional imperfections such as missing or blurred pages, minor textual errors, poor picture quality, or errant marks.

Every effort has been made to ensure the highest possible quality while maintaining the integrity of the original work. These imperfections are a testament to the book's historical journey and do not detract from its cultural and scientific value.

3. CONTENT OVERVIEW

Volume 47 of 'Danmarks fauna' provides detailed illustrations and descriptions of various beetle species found in Denmark. The primary focus is on two families: Cicindelidae (Tiger Beetles) and Carabidae (Ground Beetles). Readers will find information pertinent to the morphology, classification, and natural history of these insect groups as understood at the time of the original publication.

The book serves as a valuable resource for entomologists, naturalists, and anyone interested in the historical study of Danish biodiversity.

4. USAGE AND CARE GUIDELINES

To ensure the longevity of this reproduced volume, please observe the following guidelines:

- **Handle with Care:** Turn pages gently to prevent damage to the binding and paper.
- **Storage:** Store the book in a cool, dry place away from direct sunlight and extreme temperature fluctuations to prevent degradation of the paper and ink.
- **Cleaning:** Use a soft, dry cloth to gently wipe the cover if necessary. Avoid using liquids or abrasive cleaners.
- **Avoid Marking:** Refrain from writing, highlighting, or folding pages, as this can cause permanent damage.

5. SPECIFICATIONS

Publisher	Nabu Press
Publication Date (Reproduction)	October 7, 2011
Language	Danish
Print Length	386 pages
ISBN-10	124785891X
ISBN-13	978-1247858913
