A Guide to Exploring Subversive Science Fiction

INTRODUCTION TO XINO

Welcome to **XINO**, an anthology of subversive, surrealist science fiction designed to challenge perceptions and stimulate thought. This collection features the work of numerous talented creators, offering a diverse range of narratives and artistic styles. XINO is an "intra-ocular lozenge" intended to cure the "awful awareness" of a weird future, guiding readers through hopes, dreams, desires, paranoia, alienation, anxiety, and adrenaline.

The stories within XINO are designed to be read sequentially as presented in the book. This order allows for a curated journey through the diverse themes and styles.

Exploring the Narratives and Art
