Tupperware Topper Canister Set with Red Seals User Manual

Model: 7806719466

INTRODUCTION

Thank you for choosing the Tupperware Topper Canister Set. This set of four versatile containers is designed for efficient food storage, featuring durable construction and secure red seals to keep contents fresh. Please read this manual carefully to ensure proper use and maintenance of your new canisters.

Image: The Tupperware Topper Canister Set, featuring four white canisters with red seals, stacked vertically from largest at the bottom to smallest at the top.

COMPONENTS

Your Tupperware Topper Canister Set includes:

- One 2.5 cup (600 ml) canister with red seal
- One 4 cup (946 ml) canister with red seal
- One 6 cup (1.4 L) canister with red seal
- One 8.5 cup (2 L) canister with red seal

Image: Two smaller Tupperware Topper Canister sets, each consisting of two white bases and red seals, displayed next to each other on a white surface.

SETUP AND FIRST USE

1. **Unpack:** Carefully remove all canisters and seals from their packaging.
2. **Wash:** Before first use, wash all components (canisters and seals) with warm soapy water. Rinse thoroughly.
3. **Dry:** Ensure all parts are completely dry before storing food.
4. **Assemble:** Place the appropriate red seal onto the rim of each white canister. Press firmly around the edge to create a secure, airtight fit.

OPERATING INSTRUCTIONS

Sealing the Canisters

To ensure an airtight seal:

- Fill the canister, leaving adequate space for the lid.
- Place the red seal onto the canister rim.
- Press down firmly in the center of the seal, then work your way around the edge with your thumbs to expel air and create a tight seal.

Opening the Canisters

To open, lift one edge of the red seal with your thumb or a small utensil until air enters, then peel the seal off.

Stacking

The canisters are designed to stack on top of each other or on top of compatible Tupperware Reminder Canister Sets for efficient storage.

Image: The Tupperware Topper Canister Set disassembled, showing the white bases nested together and the red seals stacked separately, demonstrating compact storage.

CARE AND MAINTENANCE

- **Cleaning:** All components are top-rack dishwasher safe. For best results and to prolong product life, hand washing with warm soapy water is recommended.
- **Drying:** Ensure all parts are completely dry before storing to prevent odors or mildew.
- **Stains:** To prevent staining, avoid storing foods with high pigment (e.g., tomato sauce) for extended periods. If staining occurs, a paste of baking soda and water can help reduce it.
- **Heat:** Do not use in microwave ovens, conventional ovens, or on stovetops.
- **Freezing:** While suitable for freezer storage, allow contents to thaw slightly before attempting to remove seals, as cold can make plastic less flexible.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Lid is difficult to open.	Airtight seal is very strong; cold temperatures can make plastic less flexible.	Lift one edge of the seal to break the vacuum. If from freezer, allow to warm slightly.
Lid does not seal properly.	Seal or rim is dirty; seal is not aligned correctly; canister is overfilled.	Clean seal and rim. Ensure seal is centered and pressed firmly around all edges. Do not overfill.
Canister retains odors or stains.	Strongly scented or colored foods stored for extended periods.	Wash immediately after use. For odors/stains, create a paste of baking soda and water, apply, let sit, then wash.

SPECIFICATIONS

- Brand:** Tupperware
- Model:** 7806719466
- Material:** Plastic
- Color:** Snow White canisters with Red seals
- Capacities:**
- 2.5 cup (600 ml)
 - 4 cup (946 ml)
 - 6 cup (1.4 L)
 - 8.5 cup (2 L)
- Care:** Top rack dishwasher safe
- Special Feature:** Stackable design
- Item Weight:** Approximately 1.4 pounds (total set)
- Package Dimensions:** Approximately 6.4 x 6.1 x 5.6 inches
