Hasbro Gaming Candy Land Kingdom of Sweet Adventures Board Game Instruction Manual

Model: 4700 S5

1. INTRODUCTION AND GAME OVERVIEW

The Candy Land board game is a classic beginner game designed for young children. It offers a colorful and engaging way to experience gameplay, focusing on color recognition and matching skills. This game reinforces the important lessons of taking turns and sportsmanship.

Players embark on a journey through the Kingdom of Sweet Adventures, moving their gingerbread character pawns along a rainbow path filled with sweet destinations like Cookie Commons and Chocolate Mountain. The objective is to be the first player to reach the Candy Castle.

This game is suitable for 2 to 4 players, with a manufacturer-recommended age of 36 months to 6 years. No reading is required to play, making it accessible for preschoolers.

2. WHAT'S INCLUDED

The Candy Land game includes the following components:

3. SETUP

Follow these steps to prepare the game for play:

1. **Place the Gameboard:** Open the gameboard and lay it flat on a stable surface where all players can easily reach it.
2. **Choose Your Pawn:** Each player selects one gingerbread character pawn and places it on the "START" space at the beginning of the path.
3. **Prepare the Card Deck:** Shuffle the entire deck of 64 cards thoroughly. Place the shuffled deck face down in a pile within easy reach of all players.

4. OPERATING (GAMEPLAY)

The game is played by drawing cards and moving your pawn along the colored path. The first player to reach the Candy Castle wins.

1. **Determine First Player:** The youngest player typically goes first.
2. **Draw a Card:** On your turn, draw the top card from the face-down deck.
3. **Move Your Pawn:**
 - If you draw a card with **one color block**, move your pawn forward to the first space of that color on the path.
 - If you draw a card with **two color blocks**, move your pawn forward to the second space of that color on the path.
 - If you draw a **picture card** (e.g., a gingerbread man, a lollipop), move your pawn directly to the space on the board that matches that character's image.
4. **Special Spaces:** Some spaces on the board may have special instructions (e.g., moving forward or backward). Follow these instructions if you land on such a space.

5. **End of Turn:** Discard the drawn card into a separate discard pile. Play then passes to the next player in a clockwise direction.
6. **Winning the Game:** The first player to land on or pass the final space leading to the Candy Castle wins the game.
