Carrom 650.01 Shuffleboard Game Instruction Manual

Model: 650-00

INTRODUCTION

This manual provides instructions for the Carrom 650.01 Shuffleboard Game. This game board is designed for indoor use or on an outdoor picnic table. It features a solid 0.75-inch-thick wood frame and a play surface with screen-printed graphics using lead-free ink. No assembly is required. The game is suitable for individuals aged 13 years and older.

WHAT'S IN THE BOX

The Carrom 650.01 Shuffleboard Game package includes the following components:

- One (1) Carrom Shuffleboard Game Board
- Eight (8) Roller-Bearing Pucks (4 red, 4 blue)

Image: A set of eight roller-bearing pucks, four in red and four in blue, used for gameplay.

SETUP

The Carrom 650.01 Shuffleboard Game requires no assembly. To set up the game:

1. Unpack the shuffleboard game board and pucks from their packaging.
2. Place the game board on a flat, stable surface such as a table or counter. Ensure the surface is level to prevent uneven puck movement during play.
3. Arrange the pucks near one end of the board, ready for play.

OPERATING INSTRUCTIONS (GAMEPLAY)

The objective of shuffleboard is to slide your pucks down the board to score points by landing them in designated scoring zones. The game can be played by two players or two teams.

Basic Gameplay

1. **Player Turns:** Players or teams take turns sliding their pucks from one end of the board towards the scoring zones at the opposite end.
2. **Sliding Pucks:** Each player slides their pucks one at a time. The goal is to land the pucks in the highest scoring areas without falling off the end of the board.
3. **Scoring Zones:** The board is marked with different scoring zones (e.g., 1, 2, 3, 7, 8, 10 points). A puck must be entirely within a zone to count for that zone's points. If a puck touches a line, it counts for the lower value zone.
4. **"10 OFF" Zone:** Pucks that land in the "10 OFF" zone or fall off the end of the board do not score points and are removed from play for that round.
5. **Knocking Opponent's Pucks:** Players can strategically aim to knock opponent's pucks off the board or into lower scoring zones.
6. **End of Round:** A round ends when all pucks have been played. Points are then tallied for each player/team.
7. **Winning the Game:** The game is typically played to a predetermined score (e.g., 100 or 150 points). The first player or team to reach or exceed the target score wins.

Puck Handling

The roller-bearing pucks are designed to glide smoothly across the playing surface. Hold the puck firmly and push it with a consistent motion. Avoid lifting the puck off the surface during the slide.

MAINTENANCE

- **Cleaning the Board:** Wipe the playing surface with a soft, dry cloth to remove dust and debris. Avoid using abrasive cleaners or excessive moisture, which can damage the wood and screen-printed graphics.
- **Puck Care:** Keep the pucks clean and free of dirt. If the roller bearings become stiff, gently clean them with a dry cloth. Do not apply lubricants or powders to the pucks or board, as this can hinder their intended glide.
- **Storage:** Store the game board and pucks in a dry place away from extreme temperatures and direct sunlight to prevent warping or fading.

TROUBLESHOOTING

- **Pucks Not Gliding Smoothly:**
 - Ensure the playing surface is clean and free of dust or residue.
 - Verify that the pucks themselves are clean and their roller bearings are not obstructed.
 - Confirm the game board is placed on a perfectly level surface. An uneven surface can affect puck movement.
- **Board Appears Warped:**
 - Ensure the board has been stored in a dry environment away from extreme temperature fluctuations or prolonged exposure to moisture.
 - If minor, placing the board on a flat, heavy surface for an extended period may help. For significant warping, contact customer support.

SPECIFICATIONS

Model Number	650-00
Dimensions (L x W x H)	44.75 inches x 12.75 inches x 1.5 inches
Weight	11 pounds (approximately)
Frame Material	Solid Wood (0.75-inch thick)
Play Surface Graphics	Screen-printed with lead-free ink
Included Components	Shuffleboard Game Board, 8 Roller-Bearing Pucks
Recommended Age	13 years and older
Operation Mode	Manual

Warning: The pucks contain small parts and can pose a choking hazard for young children. Keep pucks out of reach of children under 3 years old.
