

DYMO LM300

DYMO LabelMANAGER 300 Electronic Labelmaker User Manual

Model: LM300

1. INTRODUCTION

The DYMO LabelMANAGER 300 (LM300) is an electronic labelmaker designed for various labeling applications, including industrial and professional use. It features a QWERTY keyboard and a 15-character LCD display for easy label creation and previewing. This device supports printing on multiple D1 tape widths and offers advanced features such as barcode printing and various text formatting options.

Product Overview

Image 1.1: The DYMO LabelMANAGER 300 in an open position, revealing its QWERTY keyboard and LCD

screen. The device is dark blue with light blue and green function keys.

Key features of the LabelMANAGER 300 include:

- Designed for engineering and shop floor applications.
- 15-character LCD display for easy editing and previewing.
- Prints on D1 tape widths: 0.25, 0.325, 0.5, and 0.75 inches.
- Features a QWERTY keyboard with profiled keys for efficient input.
- Capable of printing electrical symbols and various barcode types.

2. SETUP

Unpacking the Device

Carefully remove all components from the packaging. Ensure all items are present before proceeding with setup.

Image 2.1: The DYMO LabelMANAGER 300 shown with its standard accessories, including a D1 tape cassette and the product documentation.

The package should contain:

- DYMO LabelMANAGER 300 Printer
- D1 Label Tape Cassette (starter roll)
- User Manual (this document)
- 2 AA batteries (included)

Battery Installation

1. Locate the battery compartment on the underside of the labelmaker.
2. Slide the battery compartment cover open.
3. Insert 2 AA batteries, ensuring correct polarity (+/-) as indicated inside the compartment.

4. Replace the battery compartment cover until it clicks securely into place.

Tape Cassette Installation

1. Open the labelmaker cover by gently lifting it from the front.
2. Locate the tape cassette compartment.
3. Insert a DYMO D1 label tape cassette into the compartment, ensuring the tape feeds correctly into the print head mechanism.
4. Close the labelmaker cover until it latches securely.

3. OPERATING INSTRUCTIONS

Powering On/Off

- To power on: Press the **Power** button. The LCD display will illuminate.
- To power off: Press and hold the **Power** button until the display turns off. The device also features an automatic shut-off to conserve battery power after a period of inactivity.

Basic Label Creation

1. Ensure the device is powered on.
2. Use the QWERTY keyboard to type your desired text. The text will appear on the 15-character, two-line LCD display.
3. Review the text on the display for accuracy. Use the arrow keys to navigate and edit if necessary.
4. Press the **Print** button to print the label.
5. Once printed, use the integrated cutter to cut the label.

Text Formatting

The LabelMANAGER 300 offers various text formatting options:

- **Print Styles:** Select from normal, narrow, bold, vertical, outline, shadow, mirror, and boxed styles. Refer to the device's menu for specific style selection.
- **Text Effects:** Apply underline, shadow, or box effects to your text.
- **Justification:** Labels can be printed with left, center, or right justification.
- **Multi-line Printing:** Print one, two, three, or four lines on a single label, depending on the tape width.

Advanced Features

- **Incremental Numbering:** Automatically print a series of labels with sequential numbers.
- **Repeat Printing:** Print multiple copies of the same label.
- **Barcode Printing:** The LM300 supports printing various barcode types, including UPC-A, UPC-E, EAN-8, EAN-13, Code-39, and Code-128. Access this feature through the device's menu.
- **Electrical Symbols:** Embed common electrical symbols into your labels for specialized applications.
- **Last-Label Memory:** The device retains the last printed label in memory for quick reprinting.

4. MAINTENANCE

Cleaning the Device

- Ensure the labelmaker is powered off before cleaning.
- Wipe the exterior of the device with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- To clean the print head, open the cover and gently wipe the print head with a cotton swab lightly dampened with isopropyl alcohol. Allow it to dry completely before closing the cover.

Storage

When not in use, store the DYMO LabelMANAGER 300 in a cool, dry place away from direct sunlight and extreme temperatures. If storing for an extended period, it is recommended to remove the batteries to prevent leakage.

5. TROUBLESHOOTING

If you encounter issues with your LabelMANAGER 300, refer to the following common problems and solutions:

- **No Power:**
 - Check if batteries are inserted correctly with proper polarity.
 - Replace old or depleted batteries with new AA batteries.
- **Poor Print Quality:**
 - Ensure the tape cassette is installed correctly.
 - Clean the print head as described in the Maintenance section.
 - Try a new tape cassette, as old tape may affect print quality.
- **Tape Jams:**
 - Open the cover and carefully remove any jammed tape. Ensure no adhesive residue is left in the mechanism.
 - Make sure the tape cassette is seated properly.
- **Display Not Working:**
 - Check battery power. If the display is dim or blank, replace batteries.
 - Power cycle the device (turn off, then on again).
- **Device Not Responding:**
 - Remove and reinsert batteries to perform a soft reset.
 - If the issue persists, contact customer support.

6. SPECIFICATIONS

Feature	Detail
Model Name	LM300
Brand	DYMO
Printing Technology	Thermal
Display	15-character, 2-line LCD
Keyboard Layout	QWERTY
Supported Tape Widths	0.25, 0.325, 0.5, 0.75 inches (D1 tapes)

Print Styles	Normal, Narrow, Bold, Vertical, Outline, Shadow, Mirror, Boxed
Text Effects	Underline, Shadow, Box
Barcode Support	UPC-A, UPC-E, EAN-8, EAN-13, Code-39, Code-128
Power Source	2 AA batteries (included)
Item Weight	2.3 pounds
Package Dimensions	11.1 x 8 x 4.4 inches
Max Copy Resolution (B&W)	300 dpi

D1/D2 Tapes

(1) Description

D1 is a one-tape system available in 14 different color combinations and five different widths of 6, 9, 12, 19, and 24mm in 7 meter roll lengths. D2 is a two-tape system with separate ribbon and label tape cassettes, which allows for 18 color combinations. The tapes are available in 6, 12, 19, 24, and 32 mm widths and in six colors. The length of the tape is 10m. Ribbons are available in 19mm and 32mm width and 50m length cassettes in 3 colors. D1/D2 tapes are mainly used for the office, retail, consumer and outdoor applications.
