## Vornado FA1-0003-13

# Vornado Silver Swan Vintage Oscillating Fan Instruction Manual

Model: FA1-0003-13

Brand: Vornado

## INTRODUCTION

---

Thank you for choosing the Vornado Silver Swan Vintage Oscillating Fan. This fan is designed to provide powerful and comfortable airflow with a timeless aesthetic. To ensure safe and efficient operation, please read this manual thoroughly before use and retain it for future reference.

## SETUP

---

### Unboxing and Placement

Carefully remove the fan from its packaging. The Vornado Silver Swan fan is designed for indoor use and is suitable for various rooms including bedrooms, living rooms, home offices, study rooms, and dining rooms. Place the fan on a stable, flat surface, ensuring adequate space around it for optimal air circulation.

Image: The Vornado Silver Swan fan positioned on a wooden surface, demonstrating its aesthetic integration into a living space.

## Power Connection

Ensure the fan's control knob is in the 'OFF' (0) position before plugging it into a standard 120 Volt AC outlet. The fan uses a 2-Pin Polarized main power connector.

## OPERATING INSTRUCTIONS

---

### Controls and Settings

The Vornado Silver Swan fan features a simple 3-speed manual control located on the base. Rotate the knob to select your desired fan speed:

- **0:** Off
- **I:** Low Speed
- **II:** Medium Speed
- **III:** High Speed

Image: A detailed view of the fan's control knob, showing the three-speed settings and off position.

### **Oscillation and Tilt Adjustment**

The fan offers smooth oscillation to distribute air across a wider area. To activate or deactivate oscillation, use the control located on the top rear of the fan head. The fan head can also be manually tilted to direct airflow precisely where needed.

## MAINTENANCE

### Cleaning

Regular cleaning helps maintain the fan's performance. Ensure the fan is unplugged before cleaning. Use a soft, damp cloth for hand wiping the exterior surfaces. The front grill is removable for easier access to the blades for cleaning.

### Storage

When not in use, store the fan in a cool, dry place, preferably in its original packaging or covered to protect it from dust.

## TROUBLESHOOTING

If your Vornado Silver Swan fan is not operating as expected, please review the following common issues and solutions:

Problem	Possible Cause	Solution
Fan does not turn on	No power to unit; Fan not plugged in; Control knob in 'OFF' position.	Check power outlet; Ensure fan is securely plugged in; Turn control knob to a speed setting (I, II, or III).
Reduced airflow	Dust buildup on blades or grill.	Unplug fan and clean blades and grill as per Maintenance section.
Unusual noise or vibration	Fan not on a stable surface; Loose components.	Ensure fan is on a flat, stable surface. If noise persists, contact customer support.

If you encounter issues not covered here, please refer to the Support section for assistance.
