The First Years Sure Comfort Deluxe Newborn to Toddler Bath Tub

The First Years Sure Comfort Newborn to Toddler Baby Bath Tub Instruction Manual

This manual provides instructions for the safe and proper use of your The First Years Sure Comfort Newborn to Toddler Baby Bath Tub. This convertible 3-in-1 tub with a removable sling is designed to adapt as your child grows from newborn to toddler (0-24 months).

PRODUCT OVERVIEW

The Sure Comfort Newborn to Toddler Tub is designed to provide a comfortable and secure bathing experience for your child through three distinct stages of growth. Its ergonomic design ensures proper support and safety.

- **Three-Stage Design:** Adapts from newborn to infant to toddler.
- **Removable Mesh Sling:** Cradles newborns for extra comfort and support.
- **Deep Ergonomic Design:** Securely holds growing babies.
- **Padded Headrest:** Provides comfort in the infant recline position.
- **Anti-Slip Pads:** Mildew-resistant for a cleaner bath.
- **Drain Plug:** For easy water removal.

SETUP AND ASSEMBLY

The bath tub requires minimal assembly. The mesh sling is typically found on the back of the package, contained within a plastic bag with instructions.

1. For Newborns (0-4 months):

- Attach the mesh sling to the designated clips on the tub. Ensure all clips are securely fastened. The sling cradles the newborn, providing support and comfort.

Fabric sling cradles baby

Image: A newborn baby resting comfortably in the fabric sling within the bath tub, demonstrating the sling's supportive function.

2. For Infants (4-9 months):

- Remove the mesh sling. Position the infant in the reclined side of the tub. This side features a comfortable recline and a padded headrest for support. A specially designed bump helps prevent sliding.

**Padded
recline with
side support**

3. For Toddlers (9-24 months):

- Ensure the mesh sling is removed. Position the toddler in the upright seating area of the tub. This side provides ample room for active toddlers to sit and play.

Spacious toddler seating area

OPERATING INSTRUCTIONS

Always ensure the tub is placed on a stable, flat surface, either within a larger bathtub or a sink, depending on the stage of use and available space. Never leave a child unattended in the bath tub.

Water Temperature

Before placing your child in the tub, always check the water temperature. The ideal water temperature for bathing a baby is between 90°F (32°C) and 100°F (38°C). A special drain plug changes color to alert parents if the water is too hot.

Draining the Tub

The tub features a drain plug at the bottom for easy water removal. Simply open the plug to drain the water after use. Alternatively, the tub can be tipped to empty its contents.

MAINTENANCE AND CARE

- **Cleaning the Tub:** The plastic tub can be easily wiped clean with mild soap and water. Rinse thoroughly after each use.
- **Cleaning the Sling:** The mesh sling is machine washable and dryable. Refer to the care label on the sling for specific washing instructions.
- **Drying:** Allow all components to air dry completely after cleaning to prevent mildew. The anti-slip pads are mildew-resistant.
- **Storage:** Store the tub in a dry place when not in use. Its compact design allows for easy storage.

TROUBLESHOOTING

If you encounter any issues with your bath tub, please review the assembly instructions and ensure all components are correctly installed. For persistent problems or concerns, contact The First Years customer support.

SPECIFICATIONS

Feature	Detail
Brand	The First Years
Age Range	Newborn to Toddler (0-24 Months)
Material	Plastic (Polypropylene - PP)
