

## Gefu 5412300

# GEFU Optico Timer Model 5412300 User Manual

Model: 5412300

## INTRODUCTION

The GEFU Optico Timer is a mechanical kitchen timer designed for precise time management in cooking and other activities. Its clear visual display and magnetic back offer convenience and ease of use in any kitchen environment. This manual provides essential information for the safe and effective operation of your timer.

## SAFETY INSTRUCTIONS

- Keep the timer away from water and other liquids. Do not immerse it.
- Do not attempt to disassemble or repair the timer yourself. Refer to qualified personnel for service.
- This product is not a toy. Keep out of reach of children.
- Handle the timer with care to avoid damage to the mechanical components.
- Avoid extreme temperatures and direct sunlight, which can affect the timer's accuracy and lifespan.

## PRODUCT OVERVIEW

The GEFU Optico Timer features a robust stainless steel casing and a clear dial for setting time. Key components include:

- **Time Dial:** Marked from 0 to 60 minutes for setting desired durations.
- **Visual Red Display:** A red segment on the dial visually indicates the remaining time.
- **Magnetic Back:** Allows for convenient attachment to metallic surfaces like refrigerators or oven doors.
- **Bell Mechanism:** Sounds an alert when the set time has elapsed.

*Image: Front view of the GEFU Optico Timer, showing the minute dial, the red time remaining indicator, and the GEFU logo.*

## SETUP

The GEFU Optico Timer requires no batteries or complex setup. Simply remove it from its packaging. You can place it on any flat surface or attach it to a magnetic surface for easy access.

## OPERATING INSTRUCTIONS

To ensure proper operation and accurate timing, follow these steps:

1. **Wind the Timer:** Turn the dial clockwise completely to the 60-minute mark. This action winds the internal spring mechanism, which is essential for the timer to function correctly and for the bell to ring.
2. **Set Desired Time:** After winding, turn the dial counter-clockwise to your desired time setting, anywhere between 0 and 60 minutes.
3. **Monitor Time:** The red segment on the dial will visually decrease as time elapses, providing a clear indication of the remaining duration.

4. **Alarm:** Once the set time has passed, the timer will sound a bell to alert you.

**Important Note:** Always wind the timer fully to 60 minutes first, even if you only need a short duration (e.g., 5 minutes). Failing to do so may result in the timer not ringing or being inaccurate.

## MAINTENANCE AND CLEANING

- To clean the timer, wipe its surface with a soft, damp cloth.
- Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish and internal components.
- Ensure the timer is completely dry before storage or next use.
- Store in a dry place away from direct heat sources.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Timer does not ring or rings too softly.	Timer was not fully wound to 60 minutes before setting the desired time.	Always wind the timer clockwise to the 60-minute mark first, then turn counter-clockwise to the desired time.
Timer is inaccurate.	Mechanical timers may have slight variations. Not fully wound.	Ensure proper winding procedure. For highly precise timing, consider digital alternatives.
Dial is stiff or difficult to turn.	Accumulated debris or internal mechanism issue.	Clean the exterior. Do not force the dial. If the issue persists, contact customer support.

## SPECIFICATIONS

**Model Number:** 5412300

**Material:** Metal, Stainless Steel

**Dimensions:** 8 x 4 x 19.1 cm (Diameter 78 mm)

**Weight:** 118 g

**Time Range:** 0 - 60 minutes

**Features:** Magnetic back, visual red time display

**Brand:** Gefu

**Global Trade Item Number (GTIN):** 04006664123006

## WARRANTY AND SUPPORT

The GEFU Optico Timer is covered by a **5-year warranty**. For warranty claims, technical support, or any questions regarding your product, please contact your retailer or the manufacturer directly. Please retain your proof of purchase for warranty purposes.
