WMF Bistro Serving Forks Set Model 1288096040 Instruction Manual

INTRODUCTION

This manual provides instructions for the proper use and care of your WMF Bistro Serving Forks Set, Model 1288096040. Please read these instructions carefully before first use and retain them for future reference.

Image: The WMF Bistro Serving Forks Set, featuring two polished stainless steel forks.

SETUP

The WMF Bistro Serving Forks Set requires no assembly. Upon unpacking, inspect the forks for any signs of damage. If any damage is observed, do not use the product and contact customer support.

1. **Unpacking:** Carefully remove the serving forks from their packaging.
2. **Initial Cleaning:** Before first use, wash the serving forks thoroughly with warm water and a mild dish soap. Rinse completely and dry immediately to prevent water spots.

OPERATING INSTRUCTIONS

The WMF Bistro Serving Forks are designed for serving various food items. Their two long tines allow for secure handling of food.

- **Serving Meat:** Use the forks to lift and transfer slices of cooked meat, such as roasts or poultry, from a platter to individual plates.
- **Serving Cheese and Cold Cuts:** The forks are suitable for serving cheese, sausages, and other cold cuts.
- **General Serving:** These forks can be used for a variety of other dishes that require a secure grip for serving, including certain vegetables or pastries.
- **Filleting Aid:** In the kitchen, a single fork can be used to hold meat steady while filleting.

CARE AND MAINTENANCE

Proper care will ensure the longevity and appearance of your WMF Bistro Serving Forks.

- **Cleaning:** The serving forks are dishwasher safe. For best results and to prevent water spots, remove them from the dishwasher immediately after the cycle finishes and dry them by hand. If washing by hand, use warm water and a mild detergent, then rinse thoroughly and dry immediately.
- **Storage:** Store the forks in a dry place to prevent moisture buildup.
- **Material:** Made from Cromargan stainless steel 18/10, which is rustproof, resistant to food acids, and neutral in color.

TROUBLESHOOTING

This section addresses common concerns regarding the WMF Bistro Serving Forks.

Problem	Possible Cause	Solution
Water spots or streaks after washing.	Hard water residue or improper drying.	Ensure forks are thoroughly dried immediately after washing, especially after dishwasher cycles. Use a soft cloth.
Dull appearance over time.	Accumulation of mineral deposits or food residue.	Clean regularly with a stainless steel cleaner or a mixture of vinegar and water, then rinse and dry.
Minor scratches.	Normal wear and tear from use or contact with other utensils.	While minor scratches are normal, avoid abrasive cleaners or harsh scrubbing pads. Store carefully to minimize contact with other metal objects.

SPECIFICATIONS

Model Number: 1288096040
