Bruder 02425

Bruder 02425 Fiat Articulate Road Loader Instruction Manual

Model: 02425

INTRODUCTION

This manual provides essential information for the safe and effective use of your Bruder 02425 Fiat Articulate Road Loader. This toy vehicle is designed for realistic play, featuring articulated steering and a functional front loader. Please read these instructions carefully before use.

SAFETY INFORMATION

- **Choking Hazard:** Small parts. Not for children under 3 years of age.
- Always supervise young children during play.
- Inspect the toy regularly for any damage or loose parts that could pose a hazard.
- Keep the toy away from heat sources and open flames.

PRODUCT OVERVIEW

Image 1: The Bruder 02425 Fiat Articulate Road Loader toy, depicted on a green surface with small piles of sand, simulating a construction site. Two small green trees are visible in the background.

The Bruder 02425 Fiat Articulate Road Loader is a detailed replica of a real construction vehicle. It features a robust design made from high-quality ABS plastic, ensuring durability for active play. Key features include articulated steering for maneuverability and a fully functional front loader bucket.

Image 2: A detailed view of the Bruder 02425 Fiat Articulate Road Loader, showcasing its articulated design and the front loader bucket. The vehicle is yellow with black accents, highlighting its construction.

Image 3: The orange circular 'spiel gut' logo, indicating that the toy has been recommended by the German Working Committee for Children's Play + Toys, signifying its quality and play value.

SETUP

1. **Unboxing:** Carefully remove the road loader from its packaging. No complex assembly is required.
2. **Inspection:** Before first use, inspect the vehicle for any signs of damage or manufacturing defects. Ensure all parts are securely attached.
3. **Familiarization:** Take a moment to familiarize yourself with the vehicle's moving parts, such as the articulated steering and the front loader mechanism.

OPERATING INSTRUCTIONS

Articulated Steering

The road loader features articulated steering, allowing the front and rear sections of the vehicle to pivot relative to each other. To steer, simply turn the vehicle from the cab area, and the articulated joint will enable sharp turns, mimicking real road loaders.

Front Loader Operation

- **Raising/Lowering the Bucket:** Use the attached handle located on the loader arm to manually raise or lower the front loader bucket.
- **Tilting the Bucket:** The bucket can be tilted to scoop or dump materials. Manipulate the bucket directly to achieve the desired angle.
- **Locking Position:** The bucket arm can be locked into a raised or lowered position for stability when not actively being used.

MAINTENANCE

- **Cleaning:** Wipe the toy with a damp cloth to remove dirt and dust. Avoid using harsh chemicals or abrasive cleaners.
- **Storage:** Store the toy in a clean, dry place away from direct sunlight to prevent material degradation and fading.
- **Inspection:** Periodically check all moving parts for smooth operation and ensure no debris is obstructing them.

TROUBLESHOOTING

Loader Arm or Bucket Not Moving Smoothly

- **Check for Obstructions:** Ensure no sand, dirt, or other debris is lodged in the moving parts of the loader arm or bucket mechanism.
- **Inspect for Damage:** Examine the plastic components for any cracks or breaks that might impede movement.

General Wear and Tear

- While designed for durability, continuous heavy use may lead to wear. If a plastic component breaks, assess if it affects the toy's safety or primary function.
- For significant damage, contact Bruder customer support for potential solutions or replacement parts.

SPECIFICATIONS

Feature	Detail
Model Number	02425
Product Dimensions	15.75 x 6.02 x 7.17 inches
Item Weight	1.03 pounds
Manufacturer Recommended Age	36 months - 3 years
Material	High-quality ABS plastic
Scale	1:16
Origin	Made in Germany
