## KRUPS F0344210F

# KRUPS F0344210F Coffee Pot Instruction Manual

Model: F0344210F | Brand: KRUPS

## 1. INTRODUCTION

This manual provides essential information for the proper use and care of your KRUPS F0344210F replacement coffee pot. This glass carafe is designed to hold up to 15 cups of coffee and features a black handle. Please read these instructions carefully before first use.

## 2. PRODUCT COMPATIBILITY

---

The KRUPS F0344210F coffee pot is a replacement carafe designed to fit specific KRUPS coffee maker models. It is compatible with the following models:

- T 10 Aroma / Plus
- F 140 / F 145
- Pro Aroma Electronic Stop / Plus / Vario / Electronic / Time
- Natur Activ F 306 / F 310 / F 312 / F 313 / F 314 / F 469 / F 309
- F 130 / F 131 / F 133 / F 135 / F 136 / F 142
- F 464 / F 661

Please verify your coffee maker's model number to ensure proper fit. This carafe is typically supplied without a lid; the lid from your original coffee maker should be used.

## 3. SETUP

---

1. **Unpack:** Carefully remove the new coffee pot from its packaging.
2. **Inspect:** Check the glass carafe for any signs of damage, such as cracks or chips, before first use. Do not use if damaged.
3. **Clean:** Wash the carafe thoroughly with warm, soapy water before its initial use. Rinse completely and dry.
4. **Attach Lid:** If your original coffee maker's lid is detachable, attach it securely to the new carafe. Ensure it fits snugly to prevent spills during pouring.

## 4. OPERATING INSTRUCTIONS

---

This coffee pot functions as a direct replacement for your original KRUPS carafe. Follow the operating instructions provided with your specific KRUPS coffee maker model for brewing coffee.

- **Placement:** Ensure the carafe is correctly seated on the warming plate of your coffee maker before brewing.
- **Capacity:** The carafe has a maximum capacity of 15 cups (1.5 liters). Do not overfill your coffee maker's water reservoir beyond this capacity to prevent overflow.
- **Pouring:** Use the ergonomic handle for safe and comfortable pouring. Ensure the lid is properly aligned to prevent drips.

## 5. MAINTENANCE AND CLEANING

---

Regular cleaning will extend the life of your coffee pot and ensure optimal coffee flavor.

- **Daily Cleaning:** After each use, empty any remaining coffee and rinse the carafe with warm water. Wash with mild dish soap and a soft sponge. Rinse thoroughly to remove all soap residue.
- **Deep Cleaning:** For stubborn stains or coffee residue, fill the carafe with warm water and add a small amount of white vinegar or a specialized coffee cleaner. Let it soak for 15-30 minutes, then scrub with a brush if necessary. Rinse multiple times until the odor of vinegar is gone.
- **Dishwasher Safety:** The glass carafe is generally dishwasher safe, but hand washing is recommended for longevity, especially for the handle and lid components.
- **Handle Care:** Avoid abrasive cleaners or scouring pads on the black handle, as they may damage the finish.

## 6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Carafe does not fit coffee maker.	Incorrect model compatibility.	Verify your coffee maker's model number against the compatibility list in Section 2. This carafe is designed for specific KRUPS models.
Lid does not fit or is loose.	This carafe is sold without a lid; you must use the lid from your original coffee pot. The original lid may be damaged or incompatible if it doesn't fit.	Ensure you are using the lid from your original, compatible KRUPS coffee pot. If the original lid is damaged, it may need replacement.
Coffee drips when pouring.	Lid not properly aligned or residue build-up.	Ensure the lid is securely and correctly placed on the carafe. Clean the spout and lid thoroughly to remove any coffee residue that might impede smooth pouring.

## 7. SPECIFICATIONS

- Model:** F0344210F (also known as KRU 034-42)
- Brand:** KRUPS
- Capacity:** 15 Cups (1.5 Liters)
