simplehuman 30 Liter / 8 Gallon Round Step Trash Can Instruction Manual

Model: CW1810

INTRODUCTION

Thank you for choosing the simplehuman 30 Liter / 8 Gallon Round Step Trash Can. This manual provides essential information for the proper setup, operation, and maintenance of your new trash can. Designed for efficiency and durability, this brushed stainless steel trash can features a strong steel pedal, silent-close lid, and a fingerprint-proof finish to enhance your home environment.

SETUP

1. **Unpacking:** Carefully remove all packaging materials from the trash can and its components.
2. **Positioning:** Place the trash can in your desired location. Its round shape is designed to fit conveniently in corners or against walls.
3. **Liner Installation:**
 - Open the lid by pressing the foot pedal.
 - Lift out the removable inner bucket.
 - Place a simplehuman Code G custom fit liner (or a standard 8-gallon trash bag) into the inner bucket, ensuring the top edge of the bag is neatly tucked over the rim.
 - Carefully lower the inner bucket back into the stainless steel outer shell.

OPERATING INSTRUCTIONS

- **Opening the Lid:** Press firmly on the steel foot pedal located at the base of the trash can. The lid will open smoothly.
- **Silent-Close Feature:** Release the foot pedal, and the lid will slowly and silently close, thanks to the patented lid shox technology. This prevents abrupt banging.
- **Stay-Open Lid:** For longer tasks, the lid is designed to stay open when fully raised, allowing for continuous use without needing to hold the pedal.

MAINTENANCE

- **Cleaning the Exterior:** The brushed stainless steel exterior features a fingerprint-proof finish. To clean, wipe with a soft, damp cloth and a mild stainless steel cleaner if necessary. Avoid abrasive cleaners.

- **Cleaning the Inner Bucket:** The removable inner bucket can be easily lifted out for thorough cleaning. Wash with soap and water, rinse, and dry completely before reinserting.
- **Liner Replacement:** Replace trash liners as needed. For optimal fit and performance, use simplehuman Code G custom fit liners.
